

Beloved Avyakt Image, Mother and Father, BapDada's deeply loving instrument teachers, brothers and sisters of this land and abroad, who are the decoration of the Brahmin clan, please accept sweet Godly love filled with remembrance.

Our Dadiji, one who was lovelier than life and the pride of the whole Brahmin family, BapDada's lovely little Nandi (little bull, God's chariot), sweetest Dadi Gulzarji, left behind an immortal memorial of her memories and became a resident of the subtle region. You took beyond with your spiritual glance hundreds of thousands of brothers and sisters from this land and abroad. You gave experiences of meeting God. The body of such a sweet and lovely Dadi was merged with the five elements, at 10.00 am on 13th March 2021. While giving the final farewell to Dadi, all senior brothers and sisters shared their experiences with Dadiji and offered their tributes. Many brothers and sisters from Bharat and abroad had reached here on this occasion. All of you must have watched this through the live transmission. Everyone's vision is on Madhuban. After the final rites, everyone came together in the Diamond Hall where Shashiben offered bhog to BapDada. The message that Shashiben shared is being sent to all of you, together with messages for 14-22 March. Please share these with everyone in class. Achcha.

Lots of love and remembrance. Om shanti.

Divine message 13/03/2021 – Shashiben

Today, as I reached the subtle region carrying the remembrances of all of you filled with deep love, in the subtle region a beautiful decoration of many types of garlands of diamonds and pearls was visible. I could see Baba coming from a distance in a beautifully decorated viman. Both Baba and Dadi were in it, and, seeing them, it felt as though Dadi was in Baba's form and Baba was in Dadi's form. One second, it was Baba and one second it was Dadi. I couldn't tell whether it was Dadi or Baba. I said: Baba, today, Dadi's form is looking very different. So, Baba said: The chariot has so much importance. Baba has made this chariot complete and perfect with very good planning and revealed it in front of the devotees in this form. Then I said: Dadi, you went to the subtle region just like that. Dadi said: Baba would take me on a tour somewhere or other every day. I asked: Where did you used to go to? She smiled and said: Ask Baba. Baba said: This child has had such a part from the beginning that she used to bring many types of trance messages, through which many special tasks of the yajya continued. For some time, Baba has been taking this child to different places and sometimes she would serve the scientists, and sometimes, she would go and give a message to the great leaders who are bringing about world transformation and continue to inspire them. Then I said: Dadi, what was your body doing? So, Dadi replied: The body used to do its own work and Baba would do His work. Baba said: From the beginning, this child has had the part of being detached and loving, of being free from any other thoughts. The doctors were looking after her body very well. They too used to have very good experiences. Some would experience power and blessings just touching Dadi's body. I then told Dadi: Dadi, everyone is remembering you a lot today. Dadi said: Give my remembrances to everyone. What did I see then? There were many cards in front of me, and there was something or other written on each of those cards. Some were writing thanks to Dadi, and some were complaining. Dadi, you enabled us to meet Baba, you gave us so many blessings, you gave us the experience of sakar Baba! It was as though Dadi then began to look at those cards. It was as though a mountain of cards was visible, and that whole mountain changed into a tiny light, and everyone was receiving power from that light. Dadi said: It is not a matter of giving thanks for these experiences and the power that you are receiving. Baba says: Children, now become full with so much power that you are able to give others the experience of the perfect form.

Then I said: Baba, You gave us so many experiences through this chariot, so what will happen now? Baba said: Now, children have to prepare themselves of their own accord. Whatever you have received, you have to practise that and move towards perfection. Just as the daughter was perfect in everything, in the same way, children have to make themselves perfect and create the new world. Then Baba made all the children emerge in the subtle region. Baba and Dadi were in the middle of all of them. Sometimes, Dadi was visible in Baba's heart, and sometimes, she was seen as being merged in Baba's arms. Baba was giving everyone drishti and through that drishti, one or another blessing was reaching each one. Dadi was looking very

detached and lovely in the form of light. Baba said: The child has merged the Father in her heart from the beginning and Baba has made the child carry out special tasks. Even now, in order to make the children complete and perfect for the new world, Baba will enable the child to do service for the advance party.

Then I said: Baba, today, I have brought bhog for Dadi. Baba opened the bhog and began to feed Dadi. Dadi then said: Call everyone to the subtle region today and feed them bhog. Then Dadi took some bhog in her hands and gave it to Baba in His hand. It was as though from Baba's hand, it continued to reach each one's mouth and each one also continued to receive one or another blessing. Then I asked: Dadi, do you want to say anything to everyone? So she said: Baba, give all of them such a throne on which they can be seated, and just then a throne emerged in front of me. There were words written on all four corners. 1) Merciful, 2) Good wishes, 3) World Benefactor, and 4) Image of blessings. Then Dadi said: Now, according to the time, each one has to be merciful towards the self. Especially when you have thoughts for Brahmins, then be merciful and sacrifice those thoughts. You have to have mercy for the devotees and others and, by doing so, your own experience will increase and you will also receive blessings. According to the time, there is a need for this now.

Then, along with remembrances of all Dadis, I also conveyed remembrance of Neeluben and all the service companions. Baba made all of them emerge in the subtle region. While giving drishti to Neeluben and all the service companions, Baba said: Look how child Neelu did so much service while being tireless. Baba caught hold of her hand and made her swing in the swings and said: The child played her part of service with a lot of love with all the companions. The fortune of many opened through this part, and they also received so many experiences. This chariot has been looked after with so much love, and Baba is always with you anyway. To look after the chariot, to receive blessings, this is also a way of increasing fortune. The child's fortune is very beautiful.

Then Baba made the doctors emerge and said to them: The service that they received was not service, but they experienced many alokik powers in their lives. Through this, they have to experience even deeper experiences in themselves. Then Dadi remembered all the brothers and sisters of this land and abroad and especially all the brothers and sisters of all the places in Delhi. Baba said: She was a Dadi of the world, she was loved by everyone and everyone's love and remembrance has reached her. Baba gave love and remembrance to everyone. Then Baba said: The child is now with Baba. Baba has had the child carry out special tasks and will continue to do so. Bringing love and remembrance for everyone, I came back down below. Om shanti.

Divine message 14/03/2021 – Rukmaniben

As soon as I came close to Baba, I saw that Dadi was sitting next to Baba. I looked at Dadi for one second and then I asked her: Dadi, today you are sitting so close to Baba in the subtle region, are you not? Dadi was quiet for a second and then said: Even when I was in the body, I used to sit close to Baba even then. I was not separate from Baba even at that time. Even now, in the subtle region, I am with Baba and sitting close to Baba. I said to Dadi: The whole Brahmin family, all of Baba's children are remembering you very, very much. Dadi then gave me very sweet drishti, smiled and said: All are Baba's children, I also lived as Baba's child. Now Baba has sat me in the subtle region, so Baba must want me to do some service, and this is why all the Brahmin children, the whole unlimited family is looking at me with that vision. I am also looking at the Brahmin family with that vision.

Then Baba began to say: The daughter has had elevated fortune from her childhood. The daughter has grown up in Baba's arms. Baba looked at Dadi and said: Whatever each of the Brahmin children say about this daughter is not enough. I said: Dadi, you went away so suddenly. The whole Brahmin family is feeling so quiet and missing you. Dadi said: Dadi has not gone anywhere. Dadi is with the Brahmin family and with Baba. Baba then said: Dadi's sustenance will continue to give you the experience of that sakaash even now. In this way, both Baba and Dadi were talking every now and again.

Then I said: Dadi, I have especially reached here carrying everyone's remembrance and bhog. Baba began to say: Go child, go and meet everyone and come back. Dadi said: No Baba, You can go there and come back. Baba went away from the subtle region for a second. I saw that Baba has gone away somewhere,

leaving Dadi there. Baba said: Baba is going to all the children to make them content. In the subtle region, it was like it was day time, with some heat and also a few clouds. It was as though Baba and Dadi were sitting amidst the clouds. Then Baba made Dadi accept with a lot of love all the things that I had taken as bhog. Baba said: For a long time, the child has not tasted such food. Now, Baba will emerge the child and whatever bhog comes from her place, from Baba's home for the next 11-12 days, Baba will definitely make her accept that. Baba said: Open your mouth, then just as Baba used to come in Dadi's body and was fed bhog, in the same way, Baba was feeding Dadi the bhog.

Then I gave Baba's special remembrance to all brothers and sisters. I asked Dadi: Do you especially want to say anything to anyone? Dadi always used to remain very quiet. Being introverted in the same way, she said: Whoever served me and stayed with me all the time, give all my service companions remembrance from my heart. Everyone served me tirelessly and I will definitely give the return of that. In this way, Baba and Dadi gave all the brothers and sisters a lot of remembrance and bringing that love and remembrance, I came back down. Om shanti.

Divine message 15/03/2021 – Rukmaniben

Today, I reached Baba carrying the love and remembrance of all brothers and sisters and also the bhog. I gave remembrance from the heart and love from the heart to Baba. Dadiji was sitting with Baba. Just as we used to see Dadi's spiritual face in the sakar form, today, it was visible in the subtle region in the same way. Dadi said: You have come here bringing everyone's remembrance. I said: Yes Dadi, and I have also brought bhog. Then Baba said: Everyone calls this daughter, the one with Baba (Baba wali Dadi). Then Baba showed me two scenes. In the lokik world, according to the system of the lokik family, Baba and Dadi both used to live together. Here, Baba means both are combined: "BapDada". Dadi was Dadi of everyone in the world and this is why all the children of the world called this child "Dadi with Baba" (Baba wali Dadi). The child gave her chariot to Baba and because of giving the chariot, the child fulfilled that responsibility for so many years. At every moment, all the time, the child had this awareness of BapDada in her heart. The child fulfilled both parts very well.

Then Baba showed how the chariot is separate from the one who is riding the chariot and the one who is sitting in the chariot. In this way, the child first gave her chariot and made Baba sit in that and Baba took every type of service from the child. Now BapDada will give this child His place. BapDada will especially become an instrument to make this child do everything. Until now, the child moved along by herself. Now, BapDada will give His hand and His company and will continue to make her move along. Baba revealed this secret.

Then the bhog was placed in front of Baba. Dadi looked at the bhog plate with a lot of love, just as Dadi used to look at the bhog plate here. Looking at the decorated plate, Dadi said: Achcha, this has come for me! Baba said: Child, Baba will first feed you this bhog, and then You can offer it to Baba. Baba continued to open the bhog with a lot of love and Dadi continued to watch. Baba said to Dadi: Open your mouth. Baba fed Dadi each piece of bhog with a lot of love.

I said: I have brought the subtle remembrance of everyone. So Baba said: Now, Baba and the child are sitting in the subtle region. Now Baba will take the child to many places for service. Baba knows this and the Dadi knows. Saying this, Baba gave love and remembrance to Neeluben and all others and bringing this love and remembrance, I came back down. Om shanti.

Divine message 16/03/2021 – Shashiben

Today, taking everyone's remembrance and bhog, as I reached the subtle region, what did I see? Up above, many stars were shining, and the whole of the subtle region was sparkling with their light. The vibrations from that light were experienced as being filled with love and power. After some seconds, I saw that Baba and Dadi were coming from the opposite side, and as they came closer, Baba smiled and Dadi's form appeared to be very quiet, filled with a smile, like one of the special deities. I asked: Baba, where did You go? Baba said: Here, there is no day or night. The whole time, the child is engaged in fulfilling the loving feeling of the devotees of the whole world and the complaints of the Brahmins, and in giving them a return and fulfilling their desires. As Dadi came closer, a very beautiful light was emerging from those stars and

very beautiful garlands were continuing to be put around Dadi's neck. It was as though Dadi was a deity and there were many people standing there just to receive a glimpse of Dadi.

I said: Baba, today, everyone has sent a lot of remembrance. They have this feeling in their mind that Dadi should come in front of them. Baba had a pearl necklace in His hand. Baba made everyone emerge there. Dadi took the pearl necklace from Baba's hand and put it around the neck of all the brothers and sisters together. Baba said: Baba likes it that all remain tied in the thread of love. Seeing one another's specialities, they stay close to one another in unity.

Then I said: I have brought Brahma Bhojan for Dadi. Baba said: Achcha, open it. When I opened it, I saw that when Brahma Bhojan is offered to Brahmins, they have many plates. Baba said: Look, how many people Dadi has given blessings to, how many she has brought close to Baba and to how many she has given deep experiences. In order to let emerge the feelings in their minds, just as they make many different types of dishes, in the same way, children have sent the feelings of their subtle thoughts. Then I saw that, instead of Brahma bhojan, there were diamonds in each of those plates. In the middle of those diamonds, there was one or another speciality or blessing, and those blessings were reaching the children. Baba said: Whoever came in front of the child, whether they met her close up or at a distance, the child made them full with many blessings. So, today also, the child is giving blessings to everyone.

Then the bhog was opened and Baba looked at the bhog and began to feed Dadi. Dadi said: Call all the beloved ones. Baba then made everyone emerge in the subtle region. Dadi said: See how everyone is lost in their feelings. This feeling is as though all are threaded around Baba's neck. Then Dadi said: Baba, feed all of them with Your own hands. Baba then said: No child, you feed them. Dadi said: You are with me, so both of us will feed them. Then the plate appeared in front of everyone, and a very nice fragrance was coming from all the plates, and everyone was experiencing themselves to be full with that fragrance.

I then said: Everyone is remembering you. Dadi said: Everyone's remembrance is reaching me. Baba is with me and so when you want to meet me, then come to Baba in the subtle region. Then she said: Just as Bap and Dada are the forms of love and power, let everyone experience this and give this experience to everyone. Then Baba and Dadi gave lots of remembrance to everyone and I came back here. Om shanti.

Divine message 17/03/2021 – Rukmaniben

When I reached the subtle region carrying everyone's love, as soon as I arrived there, I saw that Baba and Dadi were waiting for me. As soon as Baba saw me, He said: Child, you have arrived with bhog? I replied: Yes Baba. I have come with everyone's love and remembrance. Baba smiled and said: The child is dearly loved by the whole Brahmin family. There isn't any Brahmin child who is not remembering the child from their heart. The love of the hearts of the whole Brahmin family is reaching the child. And the child is merging all of this love from everyone inside herself. The child is receiving everyone's love and affection, and this is why Baba is saying that the child is the dearly loved child. She has accumulated so many blessings from the heart, for so long she has been accumulating blessings from the Brahmin family and the Delhi family. Dadi was feeling very happy inside. Baba said: The child has done so much service while being in the sakar form. And now, she has become an instrument to do special service through her subtle form, her angelic form. Seeing Dadi many Brahmin children are having many thoughts. The child is completely free of any thoughts. Wherever Baba makes the child sit or fly, Dadi will go there. The child has had a stage that is completely free of any thoughts and a completely carefree stage, and this is why God Himself chose this chariot, and made her do world service. Even now, many types of service are still to be done through the subtle body. And in order to do that service, at this time of the confluence age, the child has given a special donation of yoga. This is the greatness of this child.

Baba was looking at Dadi and relating this and Dadi was smiling internally. Dadi said: Baba, You are the One who is doing everything. We children are just instruments. Baba said: What would Baba do if the children did not become instruments? Such a conversation was taking place between Baba and Dadi, but Baba didn't clarify anything.

Then Baba said: The child has brought bhog. So Baba first offered bhog to the child because she hadn't eaten anything for many days. This is why Baba will make her full in so many days, so that there won't be any feeling of missing anything. Then Baba looked at each of the items in the bhog plate and offered each of these to Dadi with a lot of love. Then Dadi fed Baba the bhog. Then, Baba and Dadi said: Give all Baba's loving children Baba's love-filled remembrance and Baba especially made Neeluben and Taraben emerge. Baba gave everyone remembrance from the heart filled with love. Baba said: Everyone's remembrance from the heart and their love from the heart is reaching Baba and Dadi. Saying this and carrying love and remembrance, I came back down below. Om shanti.

Divine message 18/03/2021 – Rukmaniben

As I reached Baba in the subtle region, taking bhog with me, Baba asked: Child, what news have you brought? I replied: Baba, You tell us news about the children. Baba began to say: Baba is seeing how much love Brahmin children have for Dadi. At this time, the intellects of all those who are sitting here are pulled more to Dadi than to Baba. At present, Dadi has become the centre point for the Brahmin family. Baba is seeing that on one side, all the preparations for child Janki are taking place and on the other side, they are also honouring the day of remembrance of child Gulzar. At the confluence age, along with Baba, memorial places are also being constructed for the Dadis. This is the elevated memorial that has continued to give power on the path of devotion.

Today, along with Baba, Dadi also remembered our senior Dadi (Dadi Prakashmani) and Dadi Janki. So, Baba made both Dadis emerge, and all three Dadis came together in the subtle region. All were meeting one another with a lot of love. Just as you experience so much happiness seeing one another, so they were dancing with happiness. Baba said: Look, today, the sneh-milan (gathering of love) of the three Dadis has taken place. Their memorial is always there and is being created now. The memorial of the children has always continued on the path of devotion. Dadi Jankiji always used to say that she is doing tapasya in the Dilwala temple. Baba said: At the confluence age, all the children do tapasya. But these children (Dadis) are receiving special co-operation from the Brahmin family at the confluence age. Revelation has to take place according to the time, Baba will make that happen, because the Dadis have done so much service and created the fortune of so many souls. Today, Baba also made other Dadis – Dadi Chandermani, Par Dadi (Dadi Nirmal Shanta) – emerge in the subtle region. Baba is especially remembering the specially loved deities, and the special eight jewels. Baba is emerging these Dadis in the subtle region in the same way, because the thoughts of the Brahmin children are racing fast. But Baba said that Baba will clarify everything for the children at the appropriate time.

The bhog plate was kept in front of Baba and the Dadis and the Dadis were feeling very happy in themselves and were saying that so much bhog has come from down below for all of us and that they were remembering everyone. The remembrance of all of them was reaching everyone in a subtle way. With a lot of love, Baba opened each of the dishes and made the Dadis accept bhog. Baba then said: In the sakar form, the Dadis stayed with Baba all the time and played with Him and ate with Him a lot, and now Baba is making these Dadis emerge in the subtle region and making them full in every way. Saying this, Baba and the Dadis then gave remembrances to all the children of the Brahmin family. Carrying the love and remembrance of Baba and the Dadis, giving them bhog, I came back down below. Om shanti.

Divine message 19/03/2021 – Surendraben, Benares

Today, as I reached the subtle region, carrying love and remembrances of all brothers and sisters, and especially of Neeluben, and all senior brothers and sisters, I saw a very beautiful and powerful scene. From both of Baba's chariots, very powerful light was radiating everywhere. From the foreheads and eyes of both of them, powerful and cool rays were emerging and those rays were reaching the whole Brahmin family and all souls of the world. Baba said: Come child. Baba also said to Dadi: Look, your Brahma bhojan has come.

Today, I had the fortune of being with the two chariots, with Shiv Baba, at the source of the Trimurti powers. Looking at me, Baba was also giving me many, many powers. He said: Let us see what bhog you have brought today. I replied: Children have prepared bhog with a lot of love and sent it. Baba then said to Dadi: Child, look, love is shining in this bhog, so accept it. Dadi said: Baba, You accept it first. Baba

accepted bhog and then Baba fed Dadi with a lot of love and Dadi fed Baba. This was a lovely and unique scene. In sakar days also, Dadi used to give bhojan to Brahma Baba. Today, Baba and Dadi were feeding one another in the same way. I was sitting in front of them and watching them. Baba accepted bhog and gave it to everyone and I also had that fortune. Just as Baba would feed you a mouthful, Baba also fed me in the same way. Then He told Dadi to feed me too. So, both fed me bhog.

Then Baba asked: What is happening in Shantivan? I said: Everyone is remembering You and Dadi with a lot of love. They are merged in those waves of love. While remembering You, they are filling themselves with the treasure of powers. Baba said: Now, even this child, who had the blessing to be able to come to Baba in the subtle region in a second, has come to Me. Now, she is sitting with Baba. It is the desire of both of us that all the children who are the decoration of the Brahmin clan, have such practise of being stable and concentrated that the yoga of the intellect is removed from everywhere else. Let everyone become free from waste and constantly have powerful thoughts and stay in Baba's remembrance. Let them practice becoming bodiless in one second, and then they can meet Baba whenever they want.

I said: You even called Dadi up above. Baba said: There is a big secret in this. Children have studied the study through the sakar form and also through the avyakt form. But even then, there isn't that intensity in the children. Souls of the world definitely need co-operation, but even My Brahmin children also need that co-operation. Even though they want it, they are not able to bring about that intensity that there needs to be. So now, this task will continue at a fast speed with the double chariot, and with this, there will be zeal and enthusiasm in the children. Baba will give alokik powers to the children through both the forms, with which children will easily learn to fly.

Baba said: Dadi, this is your desire too, is it not? That children meet Baba whenever they want, that they take directions and powers and make themselves complete? Dadi was saying, "Yes, yes!" So, Baba has called this child to give these powers to the children in an easy way. And children should not have any more thoughts about "Why? What? How?" Baba will continue to do everything as He wants. You children simply have to look at yourselves, look at your Dadis and Baba. Follow them and continue to move forward and understand that Baba has given you the responsibility of whatever task still remains.

The part of the Shiv Shaktis has to continue at the end. The Shiv Shakti Pandav Army will look after My task. Together with Baba, Dadi will also continue to shower everyone with the powers and continue to give directions. Baba will enable His right hands to carry out all the tasks. Then Baba said: Though Dadi was in hospital, the child was with Me most of the time. Baba's main daughters used to come to Baba and they used to discuss among themselves. They used to discuss how to make this task move forward at a fast speed. I will continue to give advice from time to time. Children should simply continue to follow the Father's directions, follow the Dadis and Baba, and progress by themselves in this way and move along considering themselves to be souls who are the images of support for the world. Constantly perform every action and create every thought in yoga and this task will be accomplished quickly. Saying this, Baba gave everyone lots and lots of love and remembrance and I came back down below. Om shanti.

Divine message 20/03/2021 – Rukmaniben

As I came close to Baba and Dadi taking everyone's love-filled remembrance and bhog, both Baba and Dadi together ask me: Is everything OK? I said: You would know better than me. Dadi said: You have come with everyone's love and remembrance. Both Baba and Dadi began to say: What will everyone give as a return of love? Baba and Dadi reminded me of the old things of the yagya. Baba said: Look child, where there is love among you, because of that love, sacrifices are made and you are willing to surrender out of love. All those who came to Baba's home in the beginning, they all surrendered themselves out of their love for Baba and Mama. They continued to do everything according to what Baba and Mama said. Now, everyone moves along with Baba's love, but everyone is especially coming here out of love for Dadi, and everyone's remembrance is reaching the subtle region. Then Baba said: Child, Baba especially tours around all the places. Baba said: At this time, in Bharat, there is some conflict somewhere or other, whether it is to do with the land or with the centres. All the children who came at the beginning of the yagya always did everything as Baba said. They never asked Baba any questions. They were so faithful, so united in one

direction and continued to move together. But now, Baba will take the daughter with Him on tour and show her how the children are behaving now.

Baba said: The way that all the Dadis tied themselves in the string of love, being united in one direction and all together, until now, there isn't that sweetness of love among the Brahmins. When you drink mango juice, it is so sweet, in the same way, there has to be that same sweetness of love in the Brahmin family, and seeing this, people of the world should say that this is such a beautiful Godly family. Baba and Dadis want to see this. Though children are making effort, they also sometimes make mistakes in some situations. The Dadis made their stage complete, and have come close to the Father. Now, seeing the time, you children also have to make such elevated effort. Baba was saying this and Dadi was listening and nodding and saying, "Baba, definitely the whole Brahmin family should make this promise."

Then, as I took the beautifully decorated bhog plate to Baba and Dadi, Baba gave drishti with a lot of love and gave the bhog to Dadi. Dadi said: I have had so many varieties of bhog for so many days, that it has become more than a year's quota. Baba said: You are now bodiless, so you can accept as much as you want. Baba will make you accept it. No matter how much Baba accepts, Baba is not going to get any bigger. Children have a limit, and in the sakar form, Dadis also used to have subtle bhojan. Baba made Dadi accept bhog with a lot of love and then Baba and Dadi, gave all the Brahmin children from this land and abroad a lot of love-filled remembrance. Baba said: Children abroad are also offering bhog to Baba and Dadi at the appropriate time where they are. Taking love and remembrance from Baba and Dadi, I came back down below. Om shanti.

Divine message 21/03/2021 – Rukmaniben

I reached Baba in the subtle region with the bhog and I gave Baba love-filled remembrance from all the brothers and sisters. Dadi was sitting beside Baba. Just as Baba and Dadi saw me, Baba began to say: Child, all the Brahmin children are having thoughts about Dadi, even though it has been so many days. Baba began to count the days. In this way, Baba's children have elevated thoughts because Baba has to carry out a new task through His children. Saying this, Baba then made another scene emerge. There was a big nandi (bull, chariot) and then a small nandi. Baba said: In the temples, they have shown a memorial of two Nandigans. The big one is shown in a very big (obvious) form, and the little one is shown in a very beautiful form. In this way, the task that Shiv Baba carried out through Brahma Baba is in front of the Brahmin family, but so many tasks were carried out through this little nandi, through this chariot for so long, and this child also went to many places abroad and in this land for service. Wherever she received an invitation from, she would go there. Baba said: Just as she used to go everywhere on tour in the sakar form, now Dadi is touring around everywhere with the avyakt form.

The way that Brahma Baba became avyakt enabled him to become an instrument to serve with his avyakt form in this land and abroad. Many Brahmin children took birth through Baba's subtle form. In the same way, Baba will keep the form of this child, Dadi's form, in front of the children in the times to come. For those who didn't see Dadi, who didn't see the avyakt part, Baba will enable even more subtle service to take place through this child.

Then I said: Baba, the children from the Tamil Nadu zone have come to celebrate this meeting. Baba said: Baba will continue to carry out His task keeping His children with Him, and is doing so. Baba's form was visible in the avyakt form with Dadi. Just as Baba used to come in Dadi's body, this was visible in the same way now. Baba said: Whatever task of establishment still remains, Baba will carry that out through this child. If children keep the line of their intellect clear, then, just as people used to have a darshan of Brahma Baba, in the same way, you will experience the avyakt part through this child.

Bhog was placed in front of Baba and Dadi. Along with remembrance from everyone, I also gave remembrance from Neeluben and Taraben. Dadi said: From the beginning, they have been instruments to serve the chariot and Baba definitely gives the fruit of service. You will continue to experience that in the form of love and affection from time to time. Then Dadi and Baba gave love and remembrance to all the Brahmin children. Then, bringing love and remembrance I came down below. Om shanti.

22/03/2021 – Special bhog message for Respected Dadi Gulzarji – Vedantiben

Today, sitting in remembrance, when I reached the subtle region with the bhog, garland and fruits, I saw a beautiful scene. BapDada and all our Dadas and Dadis who have gone in the advance party were all sitting together. As I reached there with bhog, I was very happy to see all of them that today I am seeing all of them together. I said: Today, I have brought bhog many varieties of bhog, for Dadi Gulzarji and for all of you. Everyone smiled and Baba said: Come child. Today, you have come from the big family, from BapDada's Diamond Hall. I said: Yes Baba! Baba said: Look, all sitting here are diamonds. Gulzar Dadi has given so much happiness to everyone, and so today, they are having a picnic and a meeting. They are designing the plan that BapDada has for Dadi for the future. Then Gulzar Dadi said: I have a secret with Baba, that for some time, I haven't had a chance to meet all the children of the yagya, all the big family, and of giving them drishti for a long time. I have the desire to go and meet them. Baba said: BapDada will fulfil your desire, but you won't go alone, I will also go with you. Then, I don't know what plan BapDada and Dadi had or what happened. Whatever scene BapDada and Dadi showed, all of you would have experienced that. (Dadiji incarnated in Vedantiben for some time, and catching hold of Neeluben's hand, she walked by all the seniors, giving them drishti, celebrated a meeting with them all and then after some time, went back to the subtle region.)

Then, after some time, I saw Gulzar Dadi and BapDada, and I became a little quiet. BapDada said: Child, BapDada has fulfilled child Gulzar's desire. Now, tell Me, what else needs to be done! I said: Please accept bhog and if You wish, tell us something. Baba said: What is happening now is that some are saying something and others are not saying anything, but internally everyone has something going on that now our Dadis are going, and so who is going to look after the yagya? So, a meeting is taking place regarding this. When Father Brahma left the physical world, there was the same feeling in the children. What will happen now? But children saw how a very beautiful part was played.

Now Gulzar Dadi has moved into her future plan and so the same question has arisen, but it is BapDada's yagya. So, tell the children to stop asking questions, and just to put a full stop. BapDada has a plan, BapDada has not gone, He has just called the Dadis up above. They are also playing their parts. Whatever has happened until now in the 85 years, something even more beautiful is going to happen now. It is simply this: whether children are young or old, whatever service they are instruments for, now forget your position and opposition will finish. Do service as a server, and the opposition will finish by itself. Baba's yagya will now reach the world very fast. All the children of the yagya who are going up above are doing service of the future. Gradually, you will also go. Baba is controlling all the activities from up above. This is the meeting that is taking place. Baba wishes to tell all the children: just be carefree.

After that, Baba showed bhog to all the children and made them accept it. All the Dadas and Dadis were present there. BapDada was very happy to see Gulzar Dadi there. And our Dadi Janki and Dadi Prakashmani were standing there holding Gulzar Dadi's hands. They were giving drishti to one another. They were also giving me drishti and feeling happy that together we will accomplish the task of BapDada's yagya very beautifully.

Then Baba made me accept bhog. Baba said: BapDada and Dadi – all three – have come in Diamond Hall and given everyone many very powerful blessings. Now, be constant and stable in everything and continue to move forward. Be constant and stable in every respect and move forward. Baba said: Success for the self, service, the yagya and in everything is merged in this. Saying this, Baba was giving me drishti and, while giving me drishti, gave me a very beautiful lotus flower and said: This flower is for everyone. While doing everything, continue to move forward with the stage of a lotus flower. With that scene, I returned to this world from that world.
