

RETREAT WITH CENTRE RESIDENTS, GITA PATHSHALA COORDINATORS AND RIGHT HANDS OF CENTRES 9-16 OCTOBER 2018 SHANTIVAN

The RCs are inviting all Centre Residents, Gita Pathshala coordinators and Right hands of Centres to a retreat in Shantivan with the theme of RIGHT HAND INSTRUMENTS FOR BABA.

The RCs felt that just as the NCs and CCs have a special annual retreat, that we should have a special retreat for all those living in centres, those coordinating Gita Pathshalas or Class Locations and those Brothers and Sisters that are very involved in service (and any Centre Coordinator who cannot attend the NC/CC Retreat next February 2019).

Many of the seniors will be present to give quality time to create an atmosphere of sustenance and learning.

This is a precious time in the confluence Age that we can come together in the most auspicious land of blessings Madhuban. We are Baba's most elevated instruments. Let us co-create our thoughts, ideas, inspirations, care and share jewels with each other. This is also an opportunity for young and talented instrument souls to understand, empower, experience and explore their skills and take up responsible roles in their respective service places.
