

RETURN TO THE SOURCE

A Spiritual Experience in India

10-16 February 2020

This retreat is for those people who wish to practise meditation and experience silence. The soul connects with its own essence and fills up with power from the Source.

It is an opportunity to live this wonderful experience of revealing and exploring our inner world and obtaining the practical instruments to apply day after day.

It is a special time for concentrating in the experience of being, an expression that emerges from deep in the soul.

Spirituality is the search itself of that happiness that emerges from inner peace and it spreads beyond.
