

**Special inspirations for always remaining merged in God's love (18/02/2021)
(Letter of Remembrance)**

Beloved Avyakt Mother and Father BapDada's deeply loving instrument teachers, brothers and sisters of this land and abroad, who are the decoration of the Brahmin clan, those who always experience the stage of being merged in love, ones who are constantly swinging in the blissful swing of God's love, ones who are full with all attainments, who are full with the fragrance of spirituality, together with God's love filled with sweet remembrance, many, many hearty greetings for the festival of the incarnation of the Father, the Innocent Lord Shiva.

All of you souls who have experienced God's love will, while celebrating the birthday of our Father, the Innocent Lord Shiva with zeal and enthusiasm, hoist the lovely flag of Shiv Baba at every place and, while giving everyone the pure message of God's incarnation, and give greetings. This day is filled with happiness for eating and feeding others Dilkhush toli. This is the birthday of the Father and us children that is as valuable as a diamond. It fills all the Brahmin children with new zeal and new enthusiasm. In this period of corona, all of you must definitely be doing lots of service in your own areas, according to the atmosphere there.

Now, all of us have this one aim: Let everyone recognize the World Protector, the Bestower of Salvation for All, the Father, the Seed-form and claim from Him their birthright, inheritance and blessings. Let no soul be deprived of God's message. Definitely, all of you must have created a programme filled with newness. From Madhuban, for this 85th Trimurti Shiv Jayanti, some points are being sent to you and whatever you are easily able to do, definitely do that. Along with service, BapDada's special signal according to the time is: My children, now become full with all treasures and create an atmosphere of contentment. With your yogyukt and tapaswi life, become an image that grants visions. Let each one's internal stage be of being merged in God's love, so that others start to have a vision of the Father through each one, such that the physical form disappears and they constantly experience the incorporeal Father. In order to create such a stage, let constant yoga programmes continue at all places. For the whole year, let us all together have such special tapasya that each of Baba's places becomes a "Shanti-kund" (a sacred place of peace). Let everyone experience the rays of peace emerging from this place and spreading everywhere.

While hoisting our beloved Innocent Shiv Baba's flag on the auspicious day of Maha Shiv Ratri, also let your determined thoughts be like a promise which enables you to create your highest of all stage. Five pure thoughts are being sent to you.

- 1) Do not go into the expansion of any situation, but put a full stop to it and merge it in the point.
- 2) Renounce the attitude of the consciousness of "I" and always be lost in the love of God's remembrance.
- 3) Sacrifice all your weaknesses in God's love and finish the influence of falsehood and impurity.
- 4) Become full with spirituality and good wishes and be loving and co-operative with all.
- 5) With the awareness of elevated self-respect, finish body consciousness and become humble and give everyone respect.

While having these pure thoughts, let each one create their highest of all stages.

With these good wishes, lots and lots of love-filled remembrance.

In Godly service,

B.K. Ratanmohini

Homework for a Tapaswi Life – March 2021

1-16 March – Always remain merged in God’s love.

- 1) God’s love is a blissful swing. While swinging in this swing of happiness, remain constantly absorbed in God’s love and no adverse situation or upheaval of Maya can then come in front of you.
- 2) God’s love is infinite and unshakeable and there is so much of it that everyone can attain it. However, the way to attain God’s love is to be detached. To the extent that you become detached, you will accordingly claim a right to God’s love.
- 3) Remain absorbed in God’s love to such an extent that nothing limited can influence you or attract you to it. Remain constantly lost in your unlimited attainments through which the fragrance of spirituality spreads into the atmosphere.
- 4) The Father has so much love for the children that He writes a letter every day to give the response of love. He gives love and remembrance and as the Companion, He constantly fulfils the responsibility of love. Sacrifice all your weaknesses for this love.
- 5) The Father loves you children and this is why He constantly says: Children, whatever you are, however you are, you are Mine. Similarly, you also remain absorbed in love and say with your hearts: Baba, whatever You are, You are everything. Never be influenced by the kingdom of falsehood.
- 6) You don’t have to remember consciously someone you love for you automatically love that one. Simply let your love be true and altruistic and from the heart. Since you say, “My Baba, lovely Baba”, you cannot then forget the One you love. You cannot receive altruistic love from any soul except the Father. Therefore, do not remember Him with any other motives, but remain absorbed in altruistic love.
- 7) Become experienced in God’s love for, through this experience, you will become an easy yogi and continue to fly. God’s love is a means to make you fly. Those who fly cannot be caught by any pull of gravity. No matter how attractive a form of Maya may be, that attraction cannot reach those who are in the flying stage.
- 8) The string of God’s love pulls you here from far, far away. This love gives so much happiness that, if you become lost in this love for even a second, you will forget all types of sorrow and begin to swing in the swing of happiness for all time.
- 9) When you receive what you need in life from someone, that is a sign of love. The Father has so much love for you children that He fulfils all your desires for happiness and peace in life. Not only does the Father give you happiness, but He makes you into masters of the treasure of happiness. Along with this, He also gives you a pen with which to draw your line of elevated fortune. You can create as much fortune as you want. This is God’s love.
- 10) The rays of the sparkle, intoxication and experience of the children who remain constantly absorbed and lost in God’s love are so powerful that any problem is not only far away from them, but it cannot even raise its eyes to look at them. They cannot have any type of hardship.
- 11) The Father has so much love for the children that He sustains you from amrit vela. The beginning of the day is so elevated. God Himself calls you to celebrate a meeting, has a heart-to-heart conversation and fills you with power. It is the songs of the Father’s love that awaken you. He calls you and awakens you with so much love: Sweet children, lovely children, come! The practical form of this sustenance of love is an easy yogi life.
- 12) You would generally do that which the person you love likes. The Father doesn’t like you children getting upset. Therefore, never say: What can I do? The situation was like that, which was why I got upset. Even if a situation that can upset you, comes in front of you, do not allow yourself to get into the stage of being upset.

- 13) BapDada has so much love for you children that He feels that each of His children should go ahead of Himself. In the world too, for whomever there is a lot of love, you make that one move ahead more than yourself. This is a sign of love. BapDada also says: Let no weaknesses remain in My children. Let all become complete, perfect and equal.
- 14) At the beginning of the day, at amrit vela, completely fill your hearts with God's love. If your hearts are full of God's love, God's powers and God's knowledge, your attachment and love can never go in any other direction.
- 15) If you have true love for the Father, the sign of that is to become equal and karmateet. Perform actions as a 'karavanhar' (one who inspires). Your physical organs should not make you do something, but you should make your physical organs work. Do not perform any actions by being influenced by your mind, intellect or sanskars.
- 16) Whenever you need any particular relationship, make God belong to you in that relationship. Say from your heart, "My Baba" and Baba will say, "My child". Merge yourself in this Ocean of Love. This love works like a canopy of protection and Maya cannot come under it.

17-31 March – Constantly experience the stage of being merged in love.

- 17) The main basis for success in service and the ascending stage for oneself is to have unbroken love for the Father. Let yourself see no one but the Father. Baba in your thoughts, Baba in your words, the Father's company in your actions. Even when you speak just one word while in this stage of being merged in love, this word of love will tie other souls in the bond of love. The one word "Baba" spoken by a soul merged in love will work like magic.
- 18) Do not go into the expansion of anything. Put a full stop to the expansion, merge it into a point, become a point, put a full stop and merge yourself in the Point. The whole expansion and the whole web will then become merged in a second, your time will be saved and you will be saved from hard work. You will become a point and become merged in the Point. While performing any task, remain merged in remembrance of the Father.
- 19) Souls who have the stage of being merged in love and are equal to the Father are constantly yogi. They are not those who have to make conscious effort to have yoga but are absorbed in love. Since they are not separate, whom would they remember? There is natural remembrance. Where there is company, there is automatic remembrance. Souls who are equal have the stage of being together and of remaining merged.
- 20) Since the mind belongs to the Father, such questions as "how can the mind become engaged with Him?", "how can you love Him?" cannot arise because you remain constantly merged in love. You become embodiments of love and master oceans of love and so you don't have to have love, because you have become embodiments of love. The more the rays of the Sun of Knowledge and Light increase, the more and higher will be the waves of love.
- 21) God's love is the basis of this elevated Brahmin birth. It is said: Where there is love, there is the world, there is life. If there is no love, then there is no life, no world. When you find love, you have found the world. The world is thirsty for one drop, whereas God's love is the property of you children. You are being sustained by this love of God, that is, you are moving forward with it in Brahmin life. So, remain constantly merged in the Ocean of Love.
- 22) Remain merged in love in your awareness and your stage while performing actions, in your words, relationships and connections. According to how lovely someone is, to the same extent that one is able to remain merged in love. People have referred to this stage of being merged in love as the stage of becoming merged physically. They have dropped the term "love for the Father" and simply held onto

the term “being merged”. When you children remain merged in the Father’s love, you will easily be able to make others equal to yourselves and equal to the Father.

- 23) Remain stable in the stage of being master knowledge-full and a master almighty authority. Move away from the many different queues, use your time for constantly celebrating a meeting with the Father with love and stay in the stage of being merged in love and all other situations will finish. There will then be a queue of your subjects and your devotees in front of you.
- 24) The divine activities of you gopes and gopis have been remembered. To experience the happiness of all relationships with the Father and to remain lost in Him means to remain merged in the love of all relationships. When someone meets you with a lot of love, the words used for such a meeting of love is that they become merged in one another and the two become one. So, to become merged in the Father’s love means to have the same form as the Father’s.
- 25) On the one hand, let there be unlimited disinterest and on the other hand, remain merged in the Father’s love, the same as the father. Do not move away from this stage of being merged in love for even a second or with even a single thought. A gathering of such children merged in love will reveal the Father.
- 26) Souls who are constantly absorbed in remembrance of the Father have the Father in their eyes and in their every word and, because of this, instead of being seen as embodiments of power, they are seen as master almighty authorities, ones with all powers. Just as in the beginning, others always saw Shri Krishna in the form of Brahma, similarly, the Almighty Authority should be visible through you children.
- 27) The Father is visible through those who remain constantly merged in remembrance of the Father and have an attitude of renunciation of the consciousness of “I”. On the basis of knowledge you children become merged in remembrance of the Father and this merging is the stage of being absorbed in the Father. When you become absorbed in love, that is, when you are lost in love, you become equal to the Father.
- 28) When someone is surely merged in an ocean, then nothing but the ocean is visible. To become merged in the Father, the Ocean of All Virtues, is known as the stage of being absorbed in love. You do not have to become merged in the Father, but become merged in the remembrance of Him and His love.
- 29) Number one moths do not have any support for themselves, that is, they have no concern for the consciousness of the body, of day and night, of hunger and thirst, or of any facilities for their happiness and comfort. They remain beyond all types of awareness of the body, that is, they remain constantly merged in love, that is, they remain merged in love for the Flame. Just as the Flame is an embodiment of light, the form of light and might, in the same way, you have to become the form of light and might, the same as the Flame.
- 30) The main means for success in service is renunciation and tapasya. To be a renunciate and a tapaswi means to be constantly merged in the Father’s love, to be merged in the Ocean of Love, Knowledge, Bliss, Happiness and Peace. This is known as being a tapaswi. Those who have such renunciation and tapasya are true servers.
- 31) In a worldly way, when a person is lost in love for someone, from that one’s face, eyes and words, you can experience that one to be lost in love and has fallen in love with someone. Similarly, when you come to such a stage, the more you have the Father’s love emerged in yourself, the more the arrow of love will make others unconscious with love.
