

MEMORIAL SERVICE FOR SISTER BHARATI, SINGAPORE 16 NOVEMBER 2019

The Singapore family held a beautiful memorial service honouring her life and her remarkable contribution towards the Brahmin family and community on Saturday, 16 November 2019. Charlie bhai from Australia was specially invited to grace this occasion as the guest speaker.

The memorial service was attended by well over 160 BKs, immediate family members, friends, acquaintances and members of the Hindu Endowments Board. The first

segment of the observance ceremony began with a series of tribute speeches from senior BKs, along with close friends of the Centre, who shared insightful details about Bharati behn's working style, her down-to-earth personality, and the camaraderie she shared with her service companions on and off the field of service.

Lakshmi behn

A touching video which chronicled Sister Bharati's life, from her youthful days to the birth of her Brahmin life and up to her last engagement as the National Coordinator was screened. It was indeed very inspiring for the Brahmin family to know the determination and will power it took for her to inaugurate and sustain the centre, putting aside worldly aspirations.

Bharati behn's niece and nephew also graciously shared their heartfelt feelings about her and reminisced fond moments of the childhood they shared with their favourite aunt. Mr Ganesan, who represented the Hindu Endowments Board, recounted her contribution as a trustee of the Sivadas-HEB Trust Fund.

Charlie bhai's talk culminated the 2-hour long programme with his description of Bharati behn's role as the National Coordinator and the values that she stood for. He conducted powerful meditation where everyone remained in Godly remembrance and silently expressed their personal heartfelt thanks to Bharati behn as the soul was sent on her onward eternal journey. With the atmosphere charged with peaceful and loving vibrations, all souls were given the opportunity to pen down their sincere wishes for her on mini paper-hearts and pin them on to a giant heart placed at the front of the stage.

Once again, we would like to thank everyone who made Bharati behn's memorial service significant with their

presence, tribute messages, love and empowering thoughts. Special thanks to Charlie bhai who rendered his valuable time to be with the Singapore family to celebrate the life and achievements of our beloved sister.

A poem : The Rose beyond the wall

to pen down their sincere wishes for her
