

## **Sis Kamala has flown to Baba's lap**

(1 OCT 1951 – 6 SEP 2021)

Baba's original jewel left the body peacefully on 6 Sep 2021. She was ailing from a weak heart and during the angiogram procedure, her heart gave way and she flew to Baba. The soul will be remembered for her enthusiasm, genuine care and concern and her determination to overcome all challenges. She had many friends among the BKs and she was always seeking newness in whatever she did.

Kamala bhen came into gyan in 1982 when the Centre was in its fledgling stages. She went on to open Lotus Bhawan in Singapore. She was also instrumental for establishing centres in Korea and Kuching, Sarawak and had sustained many centres in Asia. She experienced the greatest joy in conducting the Raja Yoga course as she always wanted to connect souls with Baba's wisdom and power. Although she had major health setbacks, even up to August this year, she was keen to give purpose to her life by doing Baba's service with whatever time and energy she possessed.

BapDada's personal blessing for her was that she was "Mastak Mani", the Jewel of the forehead and we know she will continue to shine Baba's light wherever her journey takes her. All our good wishes for a new role filled with new opportunities for you, dear sister!
