

News of Brother Medet from Turkey

Dear Brothers & Sisters,

Brother Medet Genel took Gyan in Istanbul in 2005. He quickly became a firm, regular student of Baba and had a deep love and interest in spiritual study and understanding the depth of Gyan.

He was a keen karma yogi and a much loved member of Baba's family in Turkey, with his easy going and yogi nature.

Those who attended the retreats in Antalya may remember him in the kitchen, where he was the bread maker.

Medet moved to a town near Izmir for lokik family reasons and had been undergoing treatment for cancer for a couple of years. The soul left the body on 29 April 2019.

His wife, son and two daughters supported his BK life and continue to be close to the Brahmin family in Turkey. We send love and light to the soul and his family.

With love and regards,
In Baba's remembrance,
Yogesh, on behalf of the family in Turkey
