

SISTER MOHINI VISITS TORONTO

NOVEMBER 2019

Dear Divine Family,

It was our fortune to welcome Sister Mohini to Toronto for a week. She brought with her the fragrance of Madhuban combined with Baba's love and power.

Our Yagya is ignited and running consistently since the establishment. In Sister Mohini's words, this was a mini Yagya created for 7 days where many souls took full benefit through her sharing and elevated company. She was accompanied by Sister Bhumi, Sister Uma and Sister Minal. We also welcomed Brother Eric from Montreal. Piyushbhai and Sheelabhen from Chicago joined us for the weekend.

Each evening there were gatherings of more than a 100 BKs from different service places including Scarborough, Brampton and Mississauga. She shared her personal experiences using these key points:

1. Creating pure attitude and thereby give blessings and take blessings
2. Spiritual love and contentment
3. Faith and trust in Baba and Drama

On Saturday evening at the public program, 'The Heart of Compassion', Brother Eric introduced the program with a meditation experience and live commentary

creating a powerful atmosphere. He also shared about his journey and guidance from Sister Mohini after which Sister Mohini took the audience through a beautiful experience. She talked about using virtues as the means of being compassionate. She felt that greater emphasis should be on relationships. Sunday morning with a celebration of approximately 400 BKs from surrounding areas. There was Meditation, Murli class, Bhog offering, cake cutting, cultural program, Toli, gifts and Brahma Bhojan. It was truly a celebration with the feeling of Madhuban experience.

Sister Mohini embraced the family tirelessly with evening classes every day, personal meetings and a zoom call with all the coordinators of Canada. It felt as if everyone's desires were fulfilled, all were happy and the 7 days flew by very quickly. She left us with the incentive to move forward on our spiritual journey through the power of her company and sharings from the heart.

Many Thanks to BapDada, our Dadi's and seniors for their constant blessings and spiritual guidance during this auspicious confluence age. We are sure that Sister Mohini will come more often and for many more days.

Thank you Sister Mohini
from the heart of Toronto Family.
