

# Dadi Prakashmani Ji

Time passes, memories abide  
Memories of an angelic face  
A face – calm, serene and wreathed in smiles

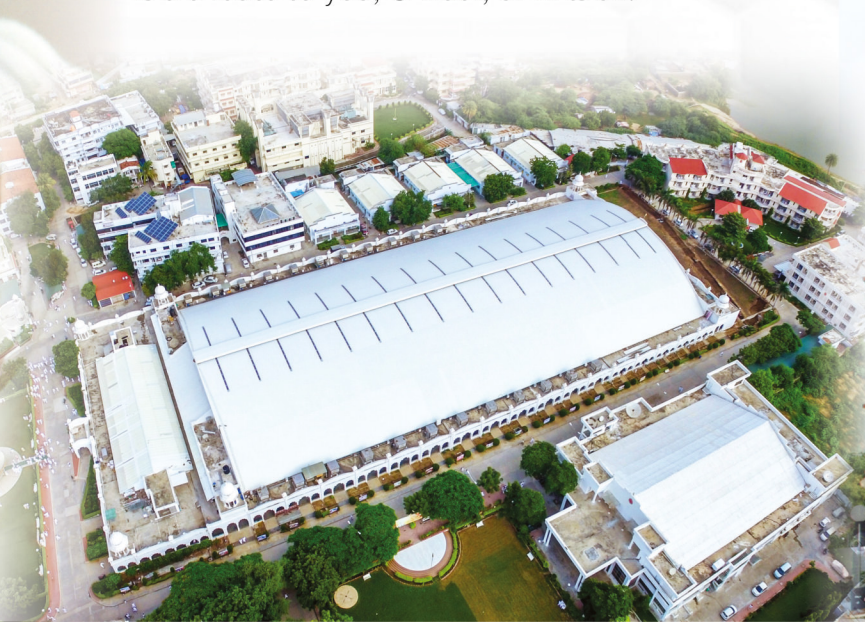

For nearly forty years  
Did she rule the hearts of BKs dear  
Showing the world - far and near  
What true administration is.

Welcoming Guests to  
A conference, a seminar or a retreat  
She never failed to repeat:

“Have you got proper accommodation?  
Are you getting proper food?  
If not, ask for anything.  
Treat your Father's home as your own.”

Honest in thought, word and deed  
A life of transparency did she lead  
A role model for everyone to see  
And follow most sincerely.

Prakash Stambh near the Diamond Hall  
Is a tribute to you, O Dadi, of BKs all.

## Special Significance of Universal Brotherhood Day

This year Universal Brotherhood Day has gained special significance due to the fact that it coincides with the BK Family Retreat in which as many as 5000 BK delegates are participating.

## Meditation Retreat on 'Self-Sovereignty through Divinity'

### The Soul and its Kingdom

In political parlance, sovereignty means complete power to govern a country. However, self-sovereignty is a spiritual concept. The situation is like that of a king who enjoys full authority over his kingdom, his courtiers and subjects. The soul is the king and its three subtle faculties – mind, intellect and *sanskars* are the courtiers, and the sense organs are the subjects. They are expected to be under full control of the soul.

### A Paradox

However, the actual position is far from being as it should be. We often hear people complain that their sense organs are not fully under their control. For example, they do not want to speak harsh words or to be angry but cannot help doing so. Is this the mark of a self-sovereign?

Even the mind is not under control. For instance, nobody would like to entertain unnecessary, negative or waste thoughts, but they assail their mind so forcefully that it is difficult to control them. Someone has rightly said “It is easy to put punctuation marks on paper but very difficult to put full stop to our waste thoughts.”

### Solution

The retreat will afford a practical experience on how to gain self-sovereignty through divinity, which means to experience divine virtues like love, peace, purity, truth, compassion and bliss. You have to spare just a couple of days of your valuable time to experience and share all this and much more.
