## EDITORIAL

Thanks for your response for the first and second editions of 'Godlywood News n' Views. I am happy to see that the thought behind starting this Newsletter - connecting our viewer - is materializing faster than any of us have thought. As the variety and diversity of India entreats us, we are continuing with our policy of promoting the regional flavor, making

regional shows in 10 different Indian languages other than Hindi and English.

And as all of you are asking for more novelty and variety, we are focusing more on producing original songs in the studio rather than providing visuals to the already existing ones. 'Godlywood Originals' is a step towards this goal which showcases new singers, new songs and original music score – done completely in the studio.

Another reason for excitement – Shoojit Sircar is steering the course of the Animated Film – 'The LIGHT' with the help of TEAM Animation Godlywood, the result will be out soon and the standards will be at par with any world class animation movie.

From this issue onwards there will be a special column to introduce the anchors of the studio. In India it is the heat of elections and the democratic process is taking its turn. Let us peacefully participate in the process as law abiding citizens of this country and also exhibit our maturity and stability as Law-Makers of a future Paradigm.

Kindly go through this edition of 'Godlywood News n' Views', get back to us with your feedback which is invaluable for us. I will meet you again here in the next edition. Till then, happy reading! May your every day be auspicious, may your whole life be prosperous and may the boundless blessings and love of the Supreme Almighty shower on you all the time.

With a lot of good wishes,  
BK.Harilal.

KIRAN BEDI  
Lieutenant Governor of Puducherry

EXCERPTS FROM SPEECH OF DR. KIRAN BEDI  
On Her Experience At The Brahma Kumaris Head Quarters

"For me Brahma Kumaris stand for purity, simplicity, honesty, compassion and always in the service of humanity"... I urge Brahma Kumaris to provide training and encourage youth to join various public services like IAS, IPS, IRS, IFS, etc. so that people of strong character and service orientation could contribute to bringing about positive change in the country. I also propose that the Brahma Kumaris help provide palliative care to the elderly and critically ill. No one can do it better than my compassionate Brahma Kumari sisters...

What you experience here every passing day is simply out of the world. Each day feels like it is a new beginning. Your task is to find the inner truth and power to let go of any old ideas or feelings that are holding you back from truly being

yourself to be your highest version. This will amplify your potential, grace, love, and wisdom towards the way your world unfolds for you and for those around you. Prajapita Brahma Kumaris Ishwariya Vishwa Vidyalaya have set up various Wings that conduct customized services and courses for different sections of the society, this also encourage me to be always young in the path of service. Seminars, workshops, conferences, research and several creative activities that are held from time to time by each wing in the direction of 'Applied Spirituality' is amazing in its own. This organization acknowledges the intrinsic goodness of all people. It teaches a practical method of meditation that helps individuals understand their inner strengths and values. As a worldwide family of individuals from all walks of life, the sisters are committed to spiritual growth and personal transformation, as those are essential in creating a peaceful World.

When the five vices of lust, anger, greed, attachment and ego hold the human soul hostage, just the right information

A moment from 'Ek Mulakt' in Godlywood Studio

your real powerful self. Each meditation will take you on a journey into various rooms of thoughts where there is always the light of truth sitting with you to liberate you from any old patterns...

Meditation is a deeply personal, revelatory experience of your soul and the many stages you travel throughout life, always having the Light of Love awaiting for you. What is required is that you allow yourself to be opened to enter each level of meditations to shed a brighter light into

to set it free will not be enough. It has to be combined with a pure desire to achieve success, and the strength to work for it. If knowledge alone were sufficient, all doctors would eat healthy, all policemen would be honest and all lawyers would stand by what is right. The elevated task of freeing human minds from all forms of addiction - whether subtle and gross - to all the forbidden tastes and cultivating a liking for their original goodness can be achieved only through God's power, which I can feel here.

## NEWS CORNER DIVINE BENGALI SONGS : RABINDRA SANGEET

A couple of years ago Godlywood Studio took a step in the direction of promoting the rich and varied

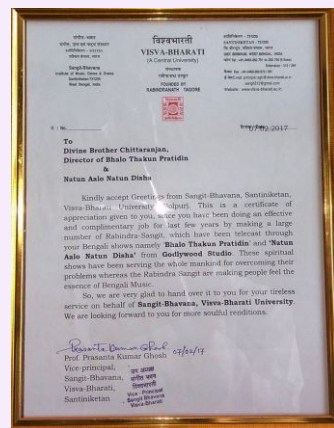

regional culture India is blessed with. Viewers always connect with their heart to regional flavor, the essence of which is tapped and brought to light.

Rabindra Sangeet is an integral part of the Bengali culture written and composed by the Indian Poet and Nobel laureate Rabindranath Tagore. A beautiful musical show based on Rabindra Sangeet is made in Godlywood Studio and aired in various channels. The songs are melodious and the lyrics contain the essence of spiritual understanding which takes the viewer closer to the ground realities of life. The Musical program is being shown in TV channels along with the Bengali Talk Shows where the song is played after the show, thus providing the viewers a mix of entertainment and enlightenment.

Bengali dept. has made 300+ songs based on Rabindra

Sangeet which is performed by experienced artists from Bengal. 36 content partners are airing these programs in West Bengal and the seven sister states of North East India (Assam, Manipur, Mizoram, Nagaland, Meghalaya and Tripura & Arunachal Pradesh) and selected regions of Bangladesh. People have developed a strong liking for these songs and Vishwabharti of Shantiniketan - the university established by Tagore, has recognized the effort in keeping the cultural fabric of India intact and has given an award of appreciation to the Bengali Dept. of Godlywood studio. We are happy that these programs are gaining much public attention and touching the lives of people. You can listen to Rabindra Sangeet on Godlywood's own Om Shanti Channel, Peace of Mind Channel and 36 other local channels.

Congratulations to Bro. Chittaranjan and Sis. Chaitali of the Bengali Dept. who has put in tireless efforts to create and run these programs for 5 years in a row and taking this to various places, making the program a household name. Taking the essence of the regional flavor Godlywood Studio has reached out to more and more viewers and tried to touch their lives by providing them the goodness of spiritual wisdom. Rabindra Sangeet from Bengali Dept. has certainly played a big role in it.

## GODLYWOOD ORIGINALS - A DIVINE MUSICAL INTERPRETATION

Godlywood Studio has raised a new platform - Godlywood Originals, for fresh young singing talents, hence bringing forward a new concept of talent show. Instead of creating a competitive atmosphere the show motivates the young artists to express their talent confidently on a TV platform. This reality show encourages the youth to bring forward the best of their singing abilities and thus enhancing the essence of spirituality within them. It aims to encourage the youth to use their talents in a positive way and to spread the message of peace and harmony. This stage is not just a showcase of their voice but it provides them with an opportunity to share the experience of their spiritual journey with the viewers. Artists from all over the world are welcome to highlight their performances. Godlywood Originals lead by BK Shikha, is a complete

production of Brahma Kumaris Godlywood Studio. The set designing, lyrics, shooting, editing, music composition, programming, arrangement, recording, dubbing, mixing and mastering all are done under one roof.

One of the biggest highlight of the show is that it is hosted by one of the most prolific Singer and Songwriter, the very humble Brahma Kumar Satish Chandra 'Sara'. He is one of the dedicated member of Brahma Kumaris at Mt. Abu and has written innumerable spiritual songs for the organization. The way he motivates the singers, automatically brings out the best within them.

## TECH-CORNER 'MEDETORIUM' - THE 360° DOME THEATRE FOR MEDITATION

Rajyoga Meditation being an art of visualisation, to visualize the abstract 'Supreme Soul' and the 'Soul World', we have been using pictures to experience the 'astral travel' in a limited way. Times have changed and now aspirants demand more sophisticated techniques to experience meditation.

This is where the concept of a Dome theatre comes in, which provide the mediators a **360° surround experience of meditation** which goes hand in hand with the 'Soul World' experience in Rajayoga Meditation where the aspirant finds himself as a 'point of Light' in the vast space of the soul world. A Dome theatre is a video-projection environment, where Virtual Reality is a shared social activity, more than an individual personal experience. The Dome projects

real-time or pre-rendered computer Animations, live capture images or composited environments which gives the viewer

VIEW OF DOME THEATRE

an out of the world experience which is doubly magical as one can sit with their dear and near to experience different levels of meditation and enjoy an incredible fully immersive 360° Virtual Reality experience. As Godlywood Studio has always kept alive the fire of Research & Development to explore all the possibilities of media, we have created a world class 360° animated video which will be the crux of the whole meditation

experience and we will continuously explore new idea's to create more videos that caters to dome theatre in future also.

The video was created under the guidance of B.K. Sushil who heads the Animation Dept. of the studio.

The proposed Dome theatre tentatively named 'Medetorium' initiated by Bk Mruthyunjaya will be placed at the heart of the Shantivan Campus of Brahma Kumaris and this being a novel idea, the concept of Medetorium can be adopted by all the Brahma kumaris retreat centres & any
