EDITORIAL

APPRECIATE THE GOOD & WORK TOWARDS THE BEST

The heat, dust and anticipation of the biggest election process in the world is just over. Festival of democracy has stood the test of time and India has given its verdict. Let's congratulate and support the elected Government as sensible citizens of the Nation keeping unnecessary criticism, premature judgments and false allegations at bay. Let's focus on the positive aspects of the current system and work towards a spiritually empowered and foolproof Administrative Paradigm.

Inside Godlywood Studio, as part of a resetting and remodelling process, the day-to-day usage of the Preview Theatre is being modified and re-scheduled to serve the important personalities who visit Studio. It's important that our distinguished guests take with them a customized spiritual experience which they can share with a wider margin of people, adding fuel to the process of World Renewal.

BADALTI DUNIYA (THE CHANGING WORLD)

The short film 'Badalti Duniya' produced by Godlywood studio is gaining popularity and has become an immediate hit in our youtube Channel. Woven around the cliché mindset of the society that rejects anything different from traditionally accepted norms, the film tells the story of a orthodoxly rigid but kind-hearted & sincere brahmin priest Aatmadev, and his transformation into a flexible human being ready to embrace a new reality as it struck him. Subtly intertwined into the story is his wife's efforts to bring Aatmadev into this new reality she had found in the Brahma kumaris Ashram which finally pays off through a series of incidents. Now it's Aatmadev's turn to impress his unbending co-priests with this new-found wisdom.

The film also throws light into the self assumed authority of the priest class who exploits common man's ignorance

"Breakup to Makeup - A Spiritual Take" - The Show focusing on the current day youth and their urge to jump into premature relationships is making quite an impact among the viewers with more and more youth reaching out with their personal problems. The aim of the show to connect youth to the reservoir of spiritual treasure is getting more than fulfilled.

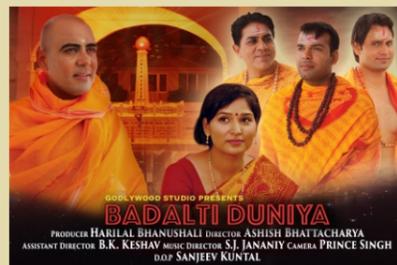

As part of giving importance to the regional culture, we have started PEACE NEWS - TAMIL - for the Tamilian Community in India and abroad. Watching Service News in one's own mother tongue is very gratifying which is evident from the messages of appreciation flowing from Tamilians in different parts of the world.

Let's be lively, explore more of life, experience our inner treasure till we meet again in this space. Let's make every moment count by putting our everything into whatever we are doing. "May your every day be auspicious, may your whole life be prosperous and may the boundless blessings and love of The Supreme Almighty shower on you all the time".

Two beautiful songs add color, depth and meaning to the story, the cinematography and lighting is amazing, you will not be disappointed for the 38 min. spent watching the film.

GUEST-CORNER

A TRUE KARMAYOGI AND SOCIAL REFORMER

Anna Hazare
Indian social activist

Kisan Baburao Hazare popularly known as 'Anna Hazare' is an Indian social activist who led movements to promote rural development, increase governmental transparency, and took a strong stand against corruption in public life. He rebuilt a degraded and poverty-stricken village called 'Ralegan Siddhi' into a self-sustaining and affluent village exploiting the possibilities of renewable energy sources like Solar Power, Biogas and Windmill which was acclaimed internationally and acknowledged by the World Bank Group. He was awarded the "Padma Bhushan" by the Government of India in 1992 for his efforts in establishing RaleganSiddhi as a model for the whole country. A few excerpts from Anna after visiting Brahma Kumaris HeadQuarters: "From childhood itself, injustice and oppression was intolerable to me", Anna said. "I was inspired by Swami Vivekananda, started reading his books and started finding answers to my questions. The book revealed to me that the ultimate motive of human life is service to humanity. Striving for the betterment of common people is even grater than offering a prayer to GOD, I realized. Swami Vivekananda had said that society needs volunteers who are ready to lose themselves in selfless service for a better tomorrow, 100 such Brahmacharis can rejuvenate the Nation. That dream of his is now being carried out through the medium of The Brahma Kumaris which makes me really hopeful of the future."

"I had decided not to waste my life by being busy merely in earning the daily bread for the family. That's why I pledged to be a bachelor. Here, I am happy to see that many youngsters have already become Brahmachari, transformed their thought process and made their life spotless."
"Gandhiji used to say that the financial status of a

Nation will not improve by establishing big industries, we as a Nation will progress only when village becomes the point of focus – It is the base on which a strong Nation can be built."

"The feeling of service to the society is depleting day by day. It is difficult to establish 'Ram Rajya' in such situation such population explosion and adoption of western culture and consumerism. Still when I saw the picture of 'Golden Aged Bharat' here, I felt a ray of hope. This can be attained by the Brahma Kumaris organization."

"In my opinion, everyone must learn Rajyoga Meditation. Especially those who consider themselves the authority of the system must receive this spiritual knowledge first. Because the society looks forward to them. Society is interested to know what they eat, how they live and how they carry themselves. This is crucial, as people follow them and what they do. I am not a very educated person,

but today if I am doing a little bit for the society, it is because of the virtues passed on to me from my family, especially my mother. If every mother decides to instill good values in her children, tomorrow's society will be full of morally upright people."

From a tenacious soldier to a social reformer and a right to information crusader, Anna Hazare's journey of four decades has been unprecedented in terms of a non-violent yet effective campaign of resurrecting a barren village into an 'ideal village' and empowering the faceless citizen through his pioneering work on Right to Information.

The Indian anti-corruption movement which he commenced in 2011, conducted a series of demonstrations and protests across India intended to establish strong legislation and enforcement against perceived endemic Political corruption shook the whole country and finally achieved its goal when the first Lokpal was appointed in April 2019.

Brahma Kumaris and Godlywood Studio salutes the veteran fighter and wish him well for all his future endeavors.

SATNAM KAUR – THE GENTLE SIDE OF ANCHORING

Satnam Kaur
Anchor

In 2005, as a young college girl waiting for an entry into the Film Industry, Satnam's life took a 'U' Turn when destiny called her to play an important role in the Telefilm 'Pratibimbh' made in the BrahmaKumaris HeadQuarters. It was supposed to be just another shoot like any other shoots which she has done, but the brief stay at the HeadQuarters changed her lifestyle, vision, attitude and even her goal of life.

For Satnam Kaur who had come into contact with Guru Granth Saheb, Geeta and The Holy Bible from early childhood itself, spirituality was not something unheard of - the quest for truth, an urge to know GOD, seeking meaning to life's unsolved mysteries were always a part of the constant churning process happening inside her. A graduate in commerce, she tried a lot of meditation techniques in her attempt to quench this thirst for truth. While attending the basic 7-day course at the Brahma Kumaris, she found the disconnected pieces of the jigsaw suddenly coming together and making sense and the riddles of life untangling itself. Till date, she continues exploring the

Rajyoga Lifestyle and find it the most rewarding experience of life. Her role as an anchor started in Godlywood Studio in the Punjabi Show 'Khushiyan Khede Sadde Vede' which went on to be very popular among the local channels and the Punjabi speaking community of abroad. She occasionally anchors Ek-Mulakat – the signature Talk Show with special guests and currently she hosts the latest children's show from Godlywood Studio – 'Hum Honge Kaamyab'. Her simple but elegant presence, sweet and humble way of presentation has earned many fans among the viewers.

For this former Miss. Maharashtra and Miss. Punjab an, Life is a festival of many colors which is to be celebrated every moment. Running a successful beauty parlor business and sprucing up people from the outside, she looks at anchoring as a medium to touch people and take care of their inner well being also which is her bit to the well being of the society. TEAM Godlywood wishes her all the very best for all her future endeavors, Let GOD continue to shower blessings on her forever!
