

Happy New year

**Love-filled Greetings of Happiness,
Prosperity and Health for the New Year!**

This past year has served to deepen our sense of compassion, strengthen our inner capacities, and enrich our spiritual understanding.

On the basis of these invaluable attainments, we invite each of you to take the unlimited and constant support of God's Love, Light, Power and Protection to create benevolence and brightness in your own lives, and the lives of others.

With elevated feelings, and a closeness of the heart, we send many many wishes to you for a beautiful new year,

In God's Sweet Remembrance,
Mohini Didi
