

Happy Diwali

Diwali 2021 Celebration

At

Global Cooperation House for BK family

4th November 2021, 6.30pm

A Diwali Video from Madhuban warmed up the auditorium with images of Om Shanti Bhavan alight with Diwali lights....and many images of past Diwali occasions on the three Madhuban campuses with the Dadis.

Over 200 BK's gathered in the auditorium, and many more online, for this Diwali evening hosted by **Sister Jagruti** and **Brother Minesh**, with their usual humour and lightness!

'To me it means coming together with a family feeling....and a lot of work in the kitchen!

'After two years of total, social distance, a chance to regather'

Sister Rekha and **Sister Sujitha** sang from their hearts a song to the future:

Come with me and I will take you, To such a place under the sky

Where there is no sadness, nor any tears either... And love, and only love, grows...

*Where the most colourful birds bring news of all your wishes where even growing buds, in your dreams laugh joyfully,
where the sun sets beautifully in this dreamlike place....and where love and only love blossoms...*

Everyone meets and walks together....

Jagruti led a sketch on special Diwali foods characteristics personified by sisters and brothers. This included: Jalebi ben, Gulab Jamunben, Ladoobhai, Ghughrabhai and Mathiyabhai

Brother Sahil led brothers with an energetic dance followed by **Sister Jagruti** leading the sisters...

A Diwali video message (from recent times) from **Dadi Jankiji** brought a smile to everyone's hearts: *'my feelings for you are to be happy and prosperous' 'Sit in the lift, which is a Gift of God'*

Sister Karishma sang:

'Catch these moments and fill them with love and happiness, holding on to the highest trust.....shine in the dark and be who we are.....light up the stars with the beauty in our hearts....

You are walking behind me, beside me.....and as I see the truth and the beauty in myself and everyone I open my heart to a world where we shine in the dark and be who we are...

Chase our fears away so happiness can reign....

Then followed an 'Arti' dance

Jagruti then invited **Sudesh Didi** to the stage and for 15 mins Didi shared powerful Drishti with everyone before reminding everyone of the significance of Diwali for this time:

(Extract)

Om Shanti. Happy Deepvali, greetings of Diwali...

What I am experiencing is an unlimited world. Our backbone, behind, on the top, very incognito, but powerful is the supreme light, Baba's light. Baba doesn't appear alone, He comes with the light of truth and purity. Brahma is the embodiment. The lighthouse, in that house where the Supreme light comes, sits and brings purity, peace and happiness....

The fire of this love and power finishes all darkness, weaknesses, shortcomings, addictions and impurities. All of this is in a packet of Maya, Ravan.

From that light there are the living lights, our ancestors. Mama, Baba, Didi Manhohini, Dadiji, Dadi Janki. Dadi Gulzar....Oceans meeting the Ocean of Light.....

Jayantiben is also present here, although as a lighthouse she is on unlimited service now....

Congratulations to each living light...the lights merged in Baba's eyes. When we are sitting in this light we will see only divinity, spirituality, dignity and royalty.

Mama and Baba made a practical example in igniting the light....the Divas are the clay of the body and the light is the soul alight.

Each one think for a minute what light you are....with Baba in your eyes, and you in Baba's eyes.

Didi again took everyone into powerful spiritual silence.

*After thanks everyone was invited to enjoy Brahma Bhojan, prepared lovingly by **Sister Jasu** and team.*

ENDS
