

Sushma Didi – 10th June 2022 Friday Morning Class - GCH, London

The partner of the Supreme Almighty

After listening to Baba's Murli, really, we become very strong, and many thoughts come into our mind.

As Baba said, it is the rain of knowledge and there were so many points in the beginning and throughout the Murli. And then at the end, what did Baba say? Do you remember? It is an unlimited seminar, that Baba is doing with souls. You know, this is the seminar of souls with the Supreme Soul. What I feel, Yes. After listening to the Murli, and after reading the Murli, we should go for some time in silence.

In the beginning, this is what was happening, when Baba, Mamma, our Dadis were in Karachi. After Murli, Baba was taking all the children to the beach, Clifton Beach, and everyone used to sit. Sometimes, Baba would say, "You sit and churn." And Dadi Ratanmohini was telling us that sometimes they were sitting to practise what Baba said, and He said today also, that you are souls, and finish this body consciousness but ignite this consciousness "I am a soul". Dadi Ratanmohini used to tell us that they were sitting in front of each other, face to face, and giving drishti to each other, and making this practice firm "I am a soul. I am a soul."

After Karachi, they came to India, in Madhuban, Pandav Bhawan. Before Madhuban, they were living in different places, but when they came to Madhuban, and Baba did this construction, first of all, History Hall, and then the Training Centre, and Baba suggested many times, "After Murli, children, you go on the roof (terrace) and churn what Baba has said."

What I feel, yes, after Murli, it is just like you are sucking what Baba says. We always say, yes, the Murli was good. But when asked "What was the point?", we say, "I forgot." The whole day, I was very, very busy. The reason is that, after listening to or reading Murli, immediately we go to our own job and responsibilities. No doubt. But while we are doing our duties, and jobs, try at that time, to remain inside silent. Automatically, then, Murli gives us energy.

We listen to Baba's Murli, then we are very happy. Today, Baba's Murli, Oh, wonderful. Baba said, "You should remain very much intoxicated. But how? How do I remain intoxicated? And, to what extent am I intoxicated?"

Baba said, "I have come here to make you wealthy." You are becoming wealthy but the criterion is that you have to become worthy like the deities. So, I'm intoxicated after reading or listening to the Murli, but to what extent am I intoxicated?

In one second, our intoxication disappears when someone has not done the right thing or someone is saying something. So, Baba's Murli gives us energy, powers if we remain in silence. We are working, and we are going away after Murli because we don't have that much time. Okay, after Murli for 10-15 minutes, only 10 minutes after Baba's Murli, and just see what Baba said. Don't try to remember, yes, this was a point....yes, I'm trying to remember five points. No. Just to see what Baba said, which is the point that gives me more light and power. Automatically some points are coming into our mind, and then try to keep our attention throughout the day. This is the way we make ourselves strong and pure. Otherwise, we are fluctuating all the time.

So, we have to make our partner. Who is our partner? Baba. Today Baba has given us offers, "You are My helper. You are My partner." For what? For what? To change, to transform this world, to change this old world into a new world.

I came in the field of service, I came in knowledge when I was only six or seven years, with my parents. We came in knowledge, we invited Baba, Mamma, it was okay. But after finishing studies, someone was saying, Okay, you should do a job, or this or that. And Dadi was saying, "You come for Baba's service." And this point, from the beginning, from my childhood, first, in the childhood I was making just joking for fun, "Look, God has come and He's saying, 'You come and become my helper to change this world.' People are asking, God, God, you help me. Here, God is saying to His children, 'you come, and you help Me.'"

And when we were children, I used to say, "We have the helpers of God, we are the helpers of God." You know, sometimes playing and jumping like that. But when the time came after education, I said, No, it is a very good offer, to become God's helper. So, whose helper am I? Supreme Almighty, God, who the whole world is calling. He has selected me. He has made me His own partner. Those who are from a business background, know who can be called partners. How much share a partner has to put? More than 50%, is it like that here? More than 50%, if I put in our business, then we can become co-partners.

It means as I come in Baba's service, I recognised. I accepted. Yes Baba, I'm Your partner; I'm Your helper. As you say, Baba. So, more than 50% of we have shared with God. People can deceive us, people can reject us, and people can push you out. But here, God is Supreme. He never rejects. Does He reject? He gives us a guarantee, assurance, 21 births guaranteed. In today's world, there is no guarantee, they only always issue a warranty.

Baba is giving us so much assurance and confidence. Why should I not become Baba's partner? So, Baba has given us blessings. Today, Baba said, "You are here to get *Saam Raaj*, to get a kingdom, the kingdom of our own world, not a kingdom in this Iron Aged world.

Sakar Baba used to ask us sometimes, "Children, will you take it if someone asked you to become the king of this *kaliyugi* world, or you become some prime minister or president of this world?" You will never take that cap on your head because it is full of thoughts. But Baba is giving us double crown: the crown of purity and the crown of jewels.

So, this is a time when we have to increase the size of the crown of our purity. There are now ways and technics which people are trying to see your aura, and they are saying they can feel how big your aura is. So, this is the time that Baba is giving us the crowns: the crown of purity, the crown knowledge, the crown of divinity.

So, we churn Baba's Murli. Today Baba says, "You remember Baba, as well as churning this knowledge, then you become the king of the new age. So, Baba's Murli is not really the Murli like, we came and we just listened to Baba's Murli, and sometimes, we are listening to the Murli while we are reading messages on WhatsApp at the same time. There is no concentration, and nothing is going inside.

Listen to what Baba is saying! This is not an ordinary class. Who is teaching us? It is easy to say, "Yes I have faith. I trust in God. This is only Baba, this is only God who is teaching us, and making us into deities. But when there is *pareeksha*, examination, test. Baba said this thing, then why is this happening? This one is Baba's child, why is it so...? No.

All of you have seen Dadi Janki, saying listening, detach. You have this experience, haven't you? If I have something in my mind, some confusion, something, then she's listening also. She was giving us suggestions, and then detached herself. This is what Baba does, telling us, giving us directions, and the Baba is detached, because Baba has given us full freedom, do whatever you want to do. But the track is this, which track? I'm the helper of God. Automatically, when everything is positive, powerful, pure and my each and every action, my action is a seed of my fortune, automatically, you become fortunate.

I think people are very much worried about their fortune. Oh, but this is my fortune, oh this is not in my fortune. Don't worry about fortune. Be a partner of Almighty Baba, get His directions and just try it and go on that track. Okay? Om shanti.
