

Louis de Graaf Netherlands 1950 – 2022

'You have very very good love for Baba. On the basis of this love, you will always keep on experiencing a flying stage. Loveleen, elevated soul. Bapdada looks at you with great love. You will always remain an elevated soul.'

Louis was a wonderful person and will always remain a wonderful person.

Louis joined The Brahma Kumaris in 1983 and had enriched us with his immense and intense love for One, his inclusive love for the BK community and his spiritual love for every soul.

He was modest, righteous, loyal, honest and hardworking.

The Dutch BK organisation owes a lot to his dedication and loyalty. For more than 30 years, Louis managed the foundation's finances. Through his economy and zero-waste policy he had been able to save on all expenses. He was co-founder of several BK centres.

As a Raj yogi, Louis had made a great incognito and subtle contribution to the world. His heart was merciful, limitless and unprejudiced by the profound realisation that every soul is a child of God.

As a policy officer for 'environment and sustainability' Louis worked for several municipalities for decades.

With his love, wisdom and practical help, he had supported and spiritually nurtured his two children unceasingly.
