## *Janmasthanami Celebration w/ BK Family*

**BK PHILIPPINES, JAPAN, HONGKONG & KOREA**

After the Murli class, Br Charlie had a short class/sharing and here are the few points:

To pay attention not to be ordinary. Think of myself as special. My part is special. This is not an ego thing. But this is a spiritual intoxication.

Dont forget the magic. Dont' forget the wonders of spiritual childhood.

One of the greatest signs of a soul who is close to God is this: I genuinely become a detached observer. I sit on my throne as tiny point of light, a soul. I don't let anything disturb my inner world. An inner world that is deeply rooted in baba, in gyan. I just sit and watch the drama as I did 5000 years ago.

The BK family of Japan, Philippines, Hongkong & Korea gathered virtually for a Murli Class & Janmasthanami celebration last August 21, 2022 with Sr. Rajni, the National Coordinator of Brahma Kumaris Japan & Philippines and Br. Charlie, the National Coordinator of Australia. It was a morning filled of Baba's love, happiness & belongingness.

What is the sign of a soul that is absorbed by Baba's love?

The first thing, I feel stable, even in this chaotic world. Baba and gyan- the only thing that influences my life.
