It was an exhilarating scene to behold when 250 people of various backgrounds, religion, faith, color and creed came together to celebrate Christmas 2022 in ARC on Monday morning, 26 December 2022.

It truly reflected the multi-ethnic, multi-religion and multi-cultural society of Malaysia, all coming together as one big family in oneness, echoing the uniqueness of the newly formed Unity Government of Malaysia.

Towards the end of the dance performance, the innocent joyful little children together with the old and young, were seen running to the stage to share and swing to the best of heartfelt swing of joy together, taking the audience to the best of everyone's heartfelt, joyous and happy moments. This scene would certainly linger on in the hearts of many, in the many more years to come.

At the culmination of all the excitement, happiness and joy, the program took a meaningful turn ending with an inspirational reflective song themed: **"So this is Christmas"** by Celine Dion taking all into a deep silence reflection ...of *what truly Christmas is, in appreciation of what was in the year gone-by and what positive change to behold in the joyful journey forward...* to the applause of all.

The participants went back fully happy and satisfied with the abundance in spirit and the simple and yet sumptuous Christmas lunch served after the best of the gift exchange, toli and blessings.
