

***Loving remembrances from Nirwairbhai for 18 January  
to the entire Brahmin family***

To the jewels who are the light of Avyakt BapDada's eyes, from all corners of Bharat and foreign lands wherever Brahma Kumars and Brahma Kumaris are present,

Please accept spiritual loving remembrances especially for BapDada's Day of Remembrance, 18 January.

It's after a long time that I am connecting with our sisters and brothers of the entire spiritual family. In Baba's words, all of us are the stars who are to reveal Baba, and those who are seated on Baba's heart-throne.

At the present time, the need in all four directions is to strengthen unity (*ekta*) within the Brahmin family, and along with that, steadiness in the remembrance of One. Apply the special *tilak* of the depths of awareness of Shiv Baba and Brahma Baba, BapDada, on your own forehead, and visualise that same tilak on others' foreheads as well. 54 years have passed since Sakar Baba became Avyakt. You are seeing how Avyakt BapDada continues to carry out the service of sustaining all souls, with the consciousness that 'I have to make the children equal to Myself.' If we children do not become equal to the Father, then it is not possible to accomplish the task of establishing the Golden Age. Instead of engaging one's mind in other matters, continually ask yourself whether you are in Baba's remembrance or not, whether you are seated on Baba's heart-throne or not, and whether you are experiencing the bliss of Baba's powers, love and care?

There are a variety of Maya's attractions in this world, and many things come to deceive human beings; in order to recognize these, one needs to connect the intellect in a very subtle way to Baba continually, for only then can we remain safe, and be able to protect others as well. Otherwise we will continue to remain trapped in little issues. It is time to pack our bag and baggage, that is, connect the mind deeply and lovingly with Baba, and sing praise of Baba's virtues at every step. We can then remain intoxicated, and healthy, and (looking at us) others will be able to see an example of what spiritual life should be like.

In the 17 January Sakar Murli, Baba shared the contrast between the patterns of the present time: what is to be found on the Path of Bhakti, and what is to be found on the Path of Knowledge. Having understood this, it is necessary that we make ourselves divine and virtuous, take ourselves towards completion, and stabilize ourselves in the embodiment of an angel. The more we stabilize ourselves in soul-consciousness, and the avyakt form, to that extent we will

recognize the lines of our fortune very well as to what we are today, and what we will become tomorrow.

Baba has shared that He has brought heaven on the palm of His hands, and along with that Baba has promised that He will take us back to the Subtle Region Himself, and further bestow on us the fortune of the golden-aged kingdom. Baba has said that it (heaven) is being established for *you* children. Let us make this aspect firm: If not now, then never. Now is the time to make ourselves perfect. Keep this aim, and check yourself (chart) every night before sleeping; every morning, bring the aim before you that within no time I will transform from a human into a deity. Over a short period of time, the more you practice staying in remembrance accurately, and visualize yourself always with Baba, you will feel coloured by Baba's company; the heart will then say 'I have attained all that I wished for, and there is no need to attain anything more.'

Times are such that Maya is constantly on her rounds. Every day you hear about or see some new issue or incident, through which Maya drags you away from spiritual life, spiritual virtues, spiritual wealth, and spiritual fullness. We sisters and brothers are Baba's firm and real children, and real children are the masters. We will become masters of the future golden-aged world, and so we have to make ourselves complete, perfect and most elevated. As much as possible, spend a maximum amount of time with Baba in a very entertaining and loving way. The more you stay close to Baba, to that extent you will become equal to Baba, and then one day Baba will say, "You are now worthy of the golden-aged world, so begin preparations for the coronation..."

Wherever you may be, our sisters and brothers who are the decoration of the clan, should recall the wave of spiritual efforts of the final period of Sakar Baba's life: "I have to remain in remembrance for 8 hours". If you too keep the aim of having remembrance for 8 hours, you will become a Constant Rajyogi and Easy Yogi.

Lots and lots of good wishes especially for the Avyakt Day to our sisters and brothers, who are such Easy Rajyogis, and will become World Emperors and World Empresses in the future! May you become this, and I become this, and we will go on to dance the divine raas in the Golden Age together!

Om Shanti,  
**B.K. Nirwair**
