

Sudesh Didi – 1st January 2023 New Year's Greetings - GCH, London

We Are in the New World

Om Shanti. Greetings in silence. Greetings filled with happiness. Yesterday, Baba gave us greetings remotely, the greetings of new life, the greetings of the New Year and the greetings of the new world.

Are you going to the new world? Are we preparing for the new world, or are we in the new world already? Baba is my world. What is in the world? As soon as a child comes into the world, the first thing for the child is the parents.

So, Baba is my world; the family is my world. Whatever sustenance, wisdom, education and the environment we create, in every aspect, Baba then creates the new world in us. The world is not only of matter, but also sub-matter. Of course, all the comforts of matter, the company of people come later. But first, it is Baba, who has already given us new life.

Today is a new day. Happy New World. Happy New Day. We create the new world with our new sanskars, and the sanskars we carry in the Golden Age. Yesterday (Baba's Seasonal Avyakti Murli 31/12/22), Baba gave us the gift packet. Baba has a long list. If you can really see it, you will experience that nothing is missing; there is no desire for anything. Baba has opened that door to allow us to create the sanskars as well. A child's sanskars are created through the parents' sanskars. Through education, company, developing my own transformation and practical actions, sanskars are created.

So, we are going to the new world, but we are in the new world, a unique world which will never come again for 5000 years. Greetings of happiness to all of you. Happy new life. Happy new life. Happy New Year. And blissful New World, beautiful New World, everlasting New World, unique New World, and to create the One who creates the New World. Thank you. Om shanti.
