

# **Dr Raj Kumar Aggarwal of Bath**

## **June 1947 to February 2023**

Dear Brothers & Sisters,

BK Dr Raj Kumar Aggarwal of Bath flew peacefully into Baba's lap on 20 February 2023 at 7.30am, with his family at his bedside. He had been in hospital for two weeks and had been diagnosed with pneumonia. He was born on 6 June 1947 in Eldoret, Kenya. He had three brothers and two sisters and had great regard for his extended family.

He moved to England as a teenager, studied at Liverpool University, and obtained a PhD in Electrical Engineering. He moved to Bath in 1973 and worked at Bath University. He worked his way up the ladder and became a professor of Electrical Engineering and Electronics. He was loved by his students and many of them kept in touch with him even years later. He married Sushma in 1974, they had two daughters. He was a devoted husband and father who enjoyed many holidays together with his family.

He studied the BK course at Global Co-operation House 10 years ago and then became part of the Bath and South Wales BK family. He practised meditation and listened to the daily Murli. He loved to understand the depths of God's wisdom and never missed a Murli class. He was involved in seva in Bath where he welcomed BKs and others into the house so that they too could get an introduction to Baba's knowledge. He served tirelessly with a lot of enthusiasm.

He was very active and fit. He played squash, badminton, loved cooking and went jogging regularly. He left a lasting impression on everyone he met and will be remembered fondly by those who knew him for his humility, generosity, genuine care and love for all.

**The funeral will be held on Thursday, 2 March, at 4.00pm**

Haycombe Cemetery, 209 Whiteway Rd, Bath BA2 2RQ

**Webcast details for the funeral at 4.00pm**
