

DEEP SHARINGS WITH MADHUBAN NIWASIS  
20 November 2013

- \* Neither should I have any complaints nor should others complain about me.
- \* 'Samjho Aur Samjhao' - To understand and help others understand has been Dadi's aim all her life.
- \* Baba's elevated versions have the power to make us forget all that is useless or unworthy. When I have the desire to continually learn, I am able to accept that '*whatever happened is good, whatever is happening is good, and whatever is to happen will also be good.*'
- \* Baba has given us the present of the 'present (time)' so take benefit from the present. 'Past is past' is the best remedy.
- \* Have deep, undying love for the Yagya. Have the desire to see the Yagya expand and carry on successfully. Always be a worthy child of this Yagya. The Yagya is a hospital for the blind; it is our highest pilgrimage place. Give value to the sincere efforts made by our Ancestor Souls.
- \* When there is less renunciation, there will be weak tapasya.
- \* Baba's drishti had the capacity of bringing about instant transformation. People would be inspired to dedicate themselves to God on seeing Baba. Are you able to do the same?
- \* Give the return for each meal you eat... Baba wants instruments who speak the truth, live with truth, and make others truthful. Is my life an example for others?
- \* To serve through the mind (Mansa Seva), remain free from tension. When the heart is clean and honest, the mind becomes powerful. Improve the atmosphere by maintaining good relationships. Let the intellect be pure and focused on one Baba. Do not dirty the mind by taking in sorrow of insult, defamation and criticism.
- \* If engaged in conversations all day or in gathering information/news (via phone/technology), how can you remain beyond sound? Do not allow your sense organs to rule you. Why give time to unnecessary talk and discussion? Do what is needed and that's it.
- \* Every test-paper is a simply a reason to create an elevated stage. If you allow your stage to fluctuate it will take a long time to stabilise yourself again. So remain safe. Increase your fortune of 'creating a good stage'.
