## CHINESE NEW YEAR WEEKEND

FEB 12-14 FEBRUARY 2021

The Brahma Kumaris, Singapore welcomed the Year of the Ox with a variety of online programmes, revealing that physical constraints cannot dampen the BK spirit!

### CHINESE NEW YEAR CELEBRATIONS

Starting with an inspiring message from Didi Nirmala, we had a creative show that resonated with the festive occasion.

The Celebrations started with customary Chinese New Year firecrackers (all virtual!!) and Lo Hei in which Sisters Lakshmi, Dee and Serena tossed the special ingredients which symbolise abundance and good fortune. An entertaining skit on the Chinese Zodiac, soulful songs and dances completed the celebration.

## ONLINE TAMIL RETREAT 12-13 FEB

Singapore organised our first online Tamil BK retreat with the topic 'The Importance of the Auspicious Confluence Age'. The retreat attracted participants from about ten countries.

Sister Lakshmi (NCO, Singapore) inaugurated the Retreat by highlighting the aims of the Retreat & offered the gift of a Happiness Kit to protect BKs against the virus of the vices.

Brother Dr Pandiamani, of Madhuban, highlighted the importance of the Confluence age, gave valuable tips on how to empower the self and methods for self-transformation.

On the second day of the retreat, Sister Ranjani of Chennai read the murli and gave a class

on "How to experience and enjoy Baba's presence", which was truly enriching.

An audio-visual screening of "Mahabharatam" received many raving reviews. It featured a conversation between Time and the Universe to analyse the events of the epic Mahabharata and its spiritual significance.

## SNEH MILAN FOR HINDI SPEAKING SOULS

An online Sneh Milan was organised to experience Baba as our Valentine. An opportunity for meeting and sharing amongst the newer and older BKs. the session focussed on how Baba had found each one and how happy and fortunate they felt to belong to Baba. Many expressed their love for Baba through songs and poetry.

We hope the vibrations of pure love, family bonding and unity created by the group, like seeds of benevolence, had also reached out and served the Chinese-bodied souls during this festive season and the unlimited human world family at large.

## RAJA YOGA MEDITATION INTENSIVE COURSE

Taking advantage of the long weekend, a Raja Yoga meditation course was designed and conducted mainly for busy people to enable them to learn Raja Yoga Meditation in two half-day sessions. Apart from Singapore, there were participants from Hong Kong, India and Indonesia who took benefit from the sessions

## VALENTINE'S DAY CELEBRATIONS

Sunday 14<sup>th</sup> February marked the Day of Love and the BKs were happy to share their heartfelt love and gratitude for Baba and the wonderful divine family on this special day.

BEE MINE WITH YOUR MIND

Just like a bee  
seeks a flower's nectarine,  
I too am drawn  
towards the Supreme Saccharine.  
Lost in the pollens of love  
of the most Beloved  
Experiencing my heart  
to be Love-loaded!  
Baba is the one and only  
Valentine,  
who has kept my mind  
forever in quarantine!

ॐ शान्ति

OM SHANTI
