

Huntingdale class location, Perth, Western Australia celebrates third anniversary

On Saturday 12 Oct 2013 a special celebration took place at Brs Subra and Rajen's class location for the third anniversary of the purchase of their home for spiritual community service. New students are being attracted and meditation classes are offered in English and Tamil languages.

The celebration commenced with meditation, spiritual class, cake cutting and gift giving followed by a sumptuous breakfast prepared by Subra and Rajen.

One of the features of the celebratory morning was a tour of their newly renovated garden with the help of Br George from the Gold Coast, Queensland. The planting of vegetables will enable them to be nutritionally sustained and enjoy a variety of roses from the newly planted rose bushes.

The two brothers migrated to Australia from Malaysia where they also ran Raja Yoga meditation classes from their home. Subra has resided in Brahma

Kumaris' Centres in Melbourne, Brisbane and Adelaide. When his brother Rajen decided to join him in Australia they purchased a property and settled in the Perth suburb of Huntingdale which is approximately ½ hr from the Main Centre in Shenton Park.

Subra works full-time as an engineer whilst Rajen, who previously worked in banking, has been studying Human Resources Management to assist in better work opportunities.

Sr Bhavana from New Zealand viewed their property before purchase and Br Charlie Hogg, Brahma Kumaris Australian Director, inaugurated it during one of his yearly visits to Perth.

The brothers have had the opportunity to facilitate talks and develop a relationship with organisers of the Perth Bala Murugan Temple in Mandogalup with BK Sr Vedanti from Kenya as one of the guest speakers. They have also conducted exhibition stalls on various Hindu festival occasions. One of the special services they offer is to organise spiritual gatherings for male students of Raja Yoga, giving them the opportunity to share together on a personal spiritual level.

Sr Carolyn, coordinator of the Main Centre, congratulated Subra and Rajen and said, "We wish the Huntingdale brothers all the best for their ongoing service to their local community."
