## Didi Nirmala made us one

25 May 2014

The Day of laying foundation of 'Raja Yoga' in Thailand is usually celebrated annually on 5 May. From the back of our memory in 1988... Dadi Chandramani – The Lion of Punjab was sent directly to inaugurate 'Raja Yoga Centre' and 'Global Co-operation Bank' in Bangkok as part of International Project ... 'Global Co-operation for a Better World'.

This Year on 25 May 2014, Dr.Nirmala and 200 BKs. got together from 6.30am till 11.30am with fun in full colours to create fond memory of 7 main relationships with God. We started in yoga with the Father, having Pinthu family expressed 2 songs / commentary. We finished in yoga with the Beloved, tears of love from the purest desires to be beautiful Brides including... many brothers.

Purest water called RO (Reverse Osmosis) was prepared specially in different colour caps with 7 main innated qualities shown on sticker. As a group, it was fun for sing along song later.

1. Red – Power
2. Orange - Purity
3. Yellow – Happiness
4. Green – Love
5. Blue – Peace
6. Indigo - Truth (using white cap)
7. Violet - Bliss

Baba selected His faithful Brides from everywhere.

As Mother, Child, Friend, Teacher, each centres expressed their feelings and artistic ability. Didi shared who is of Satguru and related her experience getting blessing from Baba.

As a child, Baba had fun with everyone in the spirit of learning from beginning... how to read A B C, how to sing DO RE ME and how to do exercise. Didi's langhter filled up the air of lightness.

The main instruments from different centres: Chiangmai, Pattani, BKK/Ladpao and Sukhumvit and Nakhonpathom turned to be colourful butterflies choosing favorite colour note books as a gift. They went around to share different seeds/nut of love.

"Didi Nirmala's yogi presence in Bangkok, always gives us an awesome experience. This time too, we had the opportunity to be in her presence while celebrating the main center in Thailand's anniversary. Sr. La is and has been Baba's very unique and special instrument, which gives us all so much continued sustenance.

When we celebrated in the Center, before Didi came, on May 5, I had a very deep overwhelming experience with Baba. I felt His deepest and best and constant, stable love for me...and realized that no one has ever, could ever love me the way Baba does. And that I also do not love Him as much as He loves me! And I wanted to...so much...to love Him the way He loves me. And I danced and got lost in that deep flow of overwhelming deep realization...as tears of awe and joy flowed out...and Sr. La called me to share and dance for Baba.

The text reads: "No Ray" (with a circled 'No'), "Shade the mass", "wears a Crown of thorns -", "Ruler of the SELF", "SELF = SOUL", "ETERNAL DRAMA OF SOUL", and "PLAYS ROLE IN INDIFFERENT" (with "medium" written in smaller letters below "INDIFFERENT").

Everything was going on harmoniously, the atmosphere created can change the thoughts, attitude, perspectives of the souls who have conflicts. Instead, they gave co-operation and had intoxication of Godly love... Love can be visible in the eyes and the smile; cheerfulness and happiness on the faces, pearl-like tears in the eyes, even trying to stop it, tears overflowed. We heard the laughter of freedom which is beyond the wall of different and various relationships. We felt the inner stillness while acting out using the physical senses... Some commented "Even though many came but it was not a chaos... there were some problems but we helped each other to find solutions.. not finding faults... We experienced co-operation from the heart not to make profit or get praise as well as mercy, love, friendliness and easiness. This is the starting point to become united because we all have love for the One Baba. There is balance of being essenceful, precise and respectful to Didi's time. Didi, valuable instrument reflects Godly qualities for us to make intense efforts. This is God's task so He was present in the gathering, with His children all the time...

gathering and knew that Baba –the Bridegroom was really present with us.

Sr.Prapa saw the speciality of the organization in which all items were set up at their right order in harmony the ability to draw the potential of each soul to use in Godly task to inspire other. She was so tuned into the happiness of the self and others while singing and acting the Do Re Me song she can bring back that same experience of joy again and again whenever becoming wilt. Sr.Nuan had the experience of trust and move along the drama in the midst of loving atmosphere of God and got the answer for the desire that everyone can become one. It is definitely possible; and this is the starting point. Why can't we become one because everyone loves Baba and Baba loves all children.

### **Impression**

1. Unconditional cooperation from the heart of all the brother souls, even those who just come for one week that made every task of Baba move successfully.
2. Thank for the stage of the leader of the brides' procession that changes the atmosphere.
3. Songs sung from the powerful stillness that touched everyone's heart.
4. Balanced and healthy food which is enough to feed and satisfy everyone.
5. The statements spoken by Sr.Phon and Sr. Vanaja after a pause after Sr.Earn's song are smooth leaving no feeling of being "unrelated". Only if there were an introductory remarks about the connection between the ornaments and the brides is mentioned, then it would be understood more easily especially by the newcomers.
