

Mahashivratri in Singapore, 27 Feb 2014

hivratri, literally meaning 'The Night of Shiva', or Shivjayanti, 'The Birthday of Shiva', is a unique festival celebrated by Hindus all over the world. It marks the moment when the deep spiritual knowledge bestowed by Shiva, the Benefactor, brings about the dawn of enlightenment which completely finishes the dark night of ignorance.

Singapore BKs also commemorated this special occasion on 27 Feb 2014 by raising the flag of Shiva, the Supreme point of light energy, with a lot of love and enthusiasm. Each one received an exquisitely handcrafted blessing card to help them spend the entire day in powerful contemplation.

This year the BKs worked with the Sri Arulmigu Velmurugan Gnanamuneeswaran Temple to shed light on the significance of Mahashivratri. An exhibition entitled 'Shiva Darshan' extolled the various names given to Shiva in His different forms and clarified how the true aspirant could derive strength and comfort by understanding the importance of each form and meditating on it.

On the actual Shivratri day BKs presented a very entertaining and enlightening musical, 'The Opening of the 3rd Eye', a story that resonated very well with the devotees. Many devotees appreciated the spiritual messages cleverly interwoven with the popular story.
