

Request for Special Yoga for Dadi Janki

To all BapDada's extremely loving brothers and sisters, the ones who through the subtle sakash of their pure attitudes transform the atmosphere, the ones who are the Raja Yogis who experiment with yoga, please accept Godly love and remembrances.

Seeing the present times and news I am sure you all must be doing special yoga and tapasya. I am sure that all of you have also been receiving updates and news of your sweet Dadi Janki. Dadi Ji's health has in fact, not been so well for quite a while. She is currently admitted in the ICU ward of Sterling Hospital in Ahmedabad and it appears her condition is becoming more delicate.

At such times, all of Baba's children give co-operation through their good vibrations and it is with this specific intention that we are sending this letter to you all. We would like to request that all instrument souls arrange continuous yoga programmes at all the centres they are responsible for so that powerful rays can be sent enabling Dadi Ji to regain her health and return to Madhuban, her home.

In this land and abroad, wherever possible, please arrange continuous yoga programmes for the next week. Let each and every one especially take out one or two hours, at a time that is convenient to them, to sit and do this service of sending powerful sakash, through the pure thoughts of the mind.

Many many thanks,

On Godly Service,
BK Hansa
