

THE SANCTUARY WITHIN

---

# LOVING FORM OF THE KARMATEET STAGE

In the depths of the self exists a deep and ancient beauty...a sacred place of exquisite silence and wisdom—where we experience rest and renewal. Our inner sanctuary of stillness....

With one thought we can be there... experiencing peace, love and insight... connected to our beautiful Lotus self.

Here in our inner sanctuary we find our karmateet self. Free from the constraints of the world. Free to heal the self and our relationship with others, empower nature and the elements. Our sacred place where we send powerful vibrations to the world, in Baba's divine and loving presence.

We may not be able to travel during this unique global dilemma, but a special gift of sustenance is being offered to you: Baba's hand is guiding ORC seniors, Madhuban and our Divine family into your world. Bringing you beautiful vibrations of support, love and peace.

In this divine company, experiment with stillness and the feeling of being free from action inside your inner sanctuary. Feel Baba's embrace and the depths of love in the self, during this special and unique silence retreat.
