## Nakki Lake and Baba's Rock With Br David

Enjoy the legendary walk from Pandav Bhavan to Nakki Lake and Baba's Rock as we DFs always do when we visit Madhuban. Brahma Baba and the children used to take the same route and climb up to the Rock in the mornings and evenings. You will notice the amazing work done by the BKs to beautify the lake with plants and a waterfall. And then finally spend those precious moments watching the sunset in powerful remembrance of the Sun of Knowledge.

## A Unique Story - Pandav Bhavan

A beautiful narration of Pandav Bhavan's journey through the decades; from early days and humble beginnings to the ultimate place of peace on our spiritual pilgrimage. Sr Jayanti guides us to appreciate how each brick was laid in the growth of Pandav Bhavan - from the beggary part to expansion of service in India and the foreign lands. Pandav Bhavan has always been, and will continue to be, our sacred home and the heart of Baba's yagya.

## What Is Next? Sr Sona interviews Sr Denise

At every level people are faced with uncertainty. We want guarantees. We want to know in advance how much time and money we can expect. Even Brahmins want to plan ahead for our holidays and special events... including our trips to Madhuban. We want to know what is next. But in these times of uncertainty, we BKs have to go with the flow like never before. We must be agile and use our power to adjust to the unexpected rapidly and without taking on undue stress. We must be flexible enough to adapt to increasing levels of stress, emotional pressure, social and professional instability. What role does our direct connection with Baba play in this scenario?

*There will be time for Q and A from the listeners.*
