

THE SANCTUARY WITHIN IN THE SILENCE OF THE ONE

July is Didi
Manmohini's month.
So let us dedicate
this time together
celebrating her legacy of
deep love and unbroken
connection with the One.

"...[Y]ou have to remain absorbed
in the love of the Father, whilst
being loving and detached:
this is called seeing and yet
not seeing, hearing and yet not
hearing. Let there be such a
practice. This is called the stage
of being in the *sweet silence* form."

—BapDada (March 13, 1986)

With the power of
the gathering, each of
us can experience the
wonder of God's Silent
Love in transforming
the self, in supporting
all souls of the world

during this time of transition,
and in healing our relationship
with the elements of nature.
