Diwali is known as the Festival of Lights. This year, let us ignite the light of hope and compassion for all humanity. Though we are apart, Diwali reminds us how the light of the soul, which is beyond all barriers, unites and strengthens us all. Recognising our true inner wealth, we celebrate the 'light' of generosity, prosperity and spirit in each and every one.

Sister Jayanti is European Director of Brahma Kumaris, an international NGO, and a spiritual leader and teacher. She has championed the co-operative role of spiritual

organisations in creating a just and peaceful world and has brought spiritual values and principles to the discussion tables of politicians, economists, business leaders, scientists and nearly every stakeholder of our times.

Kiran Mani is Google's Managing Director for Global Client & Marketing Partners in Asia Pacific & Japan, based out of Google's regional headquarters, in Singapore. Kiran has been

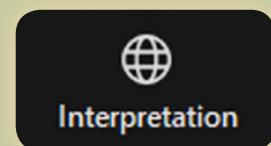

with Google for 10 years, prior to this, he led Google's retail practice in the US. Outside of work, he dedicates time to practice and teach mindfulness and meditation. He believes the worlds of compassion, fun and serious business should co-exist to create true lasting value .
